**Law Department**

July 21, 2010

Honorable City Council:  
Re: Petition Number 504 — Supplemental Report Concerning the Request for City Council Approval of the Issuance of a New Dance and Entertainment Permit by the Michigan Liquor Control Commission in Conjunction with an Application for a New "Class C License" at the Detroit Regional Convention Facility (Cobo Center, 1 Washington Boulevard).

On July 16, 2010, the Law Department submitted a report to this Body on a Local Approval Notice received by the City Clerk from the Michigan Liquor Control Commission ("MLCC"). This Local Approval Notice, which has been designated by the City Clerk as Petition Number 504, requests City Council approval of a request by the Detroit Regional

Convention Facility Authority ("the Authority") and Volume Services, Inc. ("Volume Services"), as co-licensees, ('Permit Applicants) for the issuance of a new dance and entertainment permit in conjunction with an application for a new "Class C license" at the Cobo Center, 1 Washington Boulevard. This report is being submitted to further address the approval criteria contained in the City Council Procedures and Criteria for Michigan Liquor Control Commission Permits ("Procedures and Criteria"), which became effective upon publication on August 25, 2009.

**BACKGROUND**

Section 509 of the Michigan Liquor Control Code of 1998, being MCL 436.1509, authorizes the issuance of a new liquor license to a commission, board, or authority governing or operating a municipal civic center. Accordingly, the Authority and Volume Services have applied for a new "Class C license," with a dance and entertainment permit, for Cobo Center. For purposes of this request, the VU Bar and Restaurant within the Cobo Center has been deemed the "licensed premises," which will allow for the sale and service of alcoholic beverages at approved locations in conjunction with activities and events at the Cobo Center.

**APPROVAL CRITERIA**

Part VI of the Procedures and Criteria states that City Council shall grant the Permit Applicant's request for approval of the issuance of an MLCC permit unless one or more of the eleven (11) specified criteria are not met by the Permit Applicant. Pursuant to Part V of the Procedures and Criteria, the Law Department is submitting the following concerning the approval criteria contained in Part VI of the Procedures and Criteria.

(1) Approval Criterion No. 1. The Permit Applicants are over the twenty-one (21) years of age, as supported by an Affidavit of Legal Counsel attached to the City Clerk's Application for City Council Approval concerning the issuance of MLCC permits;

(2) Approval Criterion No. 2. The Permit Applicants have submitted a completed Application for City Council Approval concerning the issuance of MLCC permits;

(3) Approval Criterion No. 3. The Permit Applicants have paid the fifty dollars (\$50.00) City Clerk application processing fee;

(4) Approval Criterion No. 4. The licensed premises are approved for dance and entertainment and complaint with the Detroit Zoning Ordinance;

(5) Approval Criterion No. 5. The requirement of a Certificate of Maintenance of Zoning Grant Conditions is not applicable to the licensed premises;

(6) Approval Criterion No. 6. The sub-

mitted City Clerk application indicates that the Permit Applicants have not operated any on-premises establishments anywhere in Michigan during the past five (5) years;

(7) Approval Criterion No. 7. The submitted City Clerk application indicates that the Permit Applicants have not been convicted of, or pled *guilty* or *nolo contendere* to, a specified criminal activity, as defined in the Procedures and Criteria;

(8) Approval Criterion No. 8. The requirement of a real estate tax clearance is not applicable to the licensed premises;

(9) Approval Criterion No. 9. The Buildings and Safety Engineering Department, Business License Center reports that Permit Applicant Volume Services has submitted an application and paid the fee for a Group "A" Cabaret business license for the licensed premises;

(10) Approval Criterion No. 10. The Department of Health and Wellness Promotion reports that Permit Applicant Volume Services has submitted an application and paid the fees for a Michigan Food Service Establishment license for the licensed premises and, accordingly, the licensed premises were inspected on July 21, 2010; and

(11) Approval Criterion No. 11. The Fire Department has not indicated that there are unpaid fees or uncured violations under its purview related to the licensed premises. Further, a series of inspections have been performed at the facility pursuant to applications for, and the issuance of, MLCC twenty-four (24) temporary liquor licenses at the facility.

#### **RECOMMENDATION**

Based upon the foregoing, the Permit Applicants have met the approval criteria contained with the Procedures and Criteria. Therefore, attached is a revised proposed resolution approving the issuance of a dance and entertainment permit by the MLCC to the Detroit Regional Convention Facility Authority and Volume Services, Inc., as co-licensees. Further, the Law Department recommends that the proposed Resolution be moved to the Committee of the Whole for its action.

If there are any questions or concerns, please do not hesitate to contact our office.

**City Planning Commission**

July 12, 2010

Honorable City Council:

Re: Proposal of the Samaritan Homes Inc. to rezone 19327 (also known as 19403), 19333, and 19339 West Chicago and 9357 Westwood Avenue in the area bounded to the north by West Chicago Avenue, on the south by Westfield Avenue, on the west by the north/south alley east of Minock Avenue, and on the east by Westwood Avenue, by amending Article XVII, Map No. 77 of the Detroit Zoning Ordinance, Chapter 61 of the 1984 Detroit City Code to show a PD (Planned Development District) zoning classification where an R2 (Two-Family Residential

District) zoning classification and an R1 (Single-Family Residential District) classification are currently shown (RECOMMEND APPROVAL).

**NATURE OF REQUEST**

The Samaritan Homes, Inc., a non-profit organization that cares for the developmentally disabled, has petitioned the City Council for a zoning change for the subject property with the intention of converting the former convent of St. Suzanne Parish into a transitional housing facility for U.S. veterans. The building, located at 19327 W. Chicago (a/k/a 19403), was formerly occupied as a convent; thereafter, it was used for Marriage Encounter, and lastly by Boysville. It is currently unoccupied.

The taxpayer of record for the West Chicago properties is Walter Spratt of Detroit, who has signed the rezoning application; Sharon Ray and Gwen Morrow of Samaritan Homes, Inc. have represented the petitioner.

The City Planning Commission (CPC) has determined that the most appropriate option available to rezone the former convent, described above, without negative impact on the surrounding neighborhood is to rezone the facility to PD (Planned Development) this would enable the CPC to control future developments in the area, especially with respect to conditional uses. The petitioner and the Catholic Archdiocese of Detroit have jointly agreed to also request the rezoning of 9357 Westwood Avenue so that the rezoning of the former convent would not result in the potential for a spot zoning issue. The block-long Westwood property includes the church's rectory and an outdoor play area.

While religious residential facilities including convents, are a permitted use on a conditional basis in the R2 District, the Zoning ordinance otherwise limits residential uses to those that would be occupied by families. The proposed transitional housing for veterans would bring together a number of individuals who do not constitute a family, effectively creating a rooming house. Rooming houses are prohibited in the R1, R2, and R3 Districts. Consequently, the proposed transitional housing could not locate in the above-referenced zoning classifications.

**SURROUNDING ZONING AND LAND USE**

North: R2 (Two-Family Residential District) — A mixture of single-family and two-family dwellings.

South: — R1 (Single-Family Residential District) — Single-family dwellings.

East: R2 and R1 — Church.

West: R2 and R1 — A mixture of single-family and two-family dwellings.

**MASTER PLAN DESIGNATION**

The proposed rezoning area is located in Neighborhood Cluster 7 Cody Neighborhood Area of the Master Plan of

Policies. The future land use designation for the area is RL (Low Density Residential).

#### **CPC PUBLIC HEARING**

At the CPC public hearing on January 7, 2010, Rev. Richard M. Lewnau, Pastor of St. Suzanne Parish/Out Lady Gate of Heaven Parish, was the only attendee from the proposed rezoning area to testify at the public hearing. According to Rev. Lewnau, the proposed zoning change would be good for the area. He supported the proposal.

The hearing generated a number of questions and concerns, which staff and the petitioner were subsequently able to address.

#### **MEMO FROM PLANNING AND DEVELOPMENT DEPARTMENT**

The Planning and Development Department (P&DD) submitted a letter dated January 10, 2010 to the CPC. The memo acknowledges that rezoning the Samaritan Group's property for transitional housing would be allowed as a matter of right in an R4 (Thoroughfare Residential) District. R4 is the district classification originally proposed for the West Chicago site; R3 (Low Density Residential) is the zoning district classification originally proposed for the Westwood property.

However, the memo further indicates that that zoning classification would allow anything prescribed by the R4 District, which includes "... some potentially abrasive uses that could be harmful to the residential neighborhood." The Department cautioned, "If the petitioner chooses to go ahead with its plan to rezone the entire subject site to R4 for West Chicago and R3 (Low Density Residential) for Westwood, then it is possible that a use could be developed at any time after the new zoning is established that would not conform to the future land use "RL," Low Density Residential in the Master Plan of Policies . . ." P&DD recommended a rezoning to PD rather than R4 and R3.

#### **CPC REGULAR MEETING**

The CPC met again on the above subject on Thursday, February 18, 2010 and further reviewed the subject matter. The CPC voted unanimously to approve the rezoning of the subject properties to PD.

#### **ANALYSIS AND CONCLUSIONS**

The CPC concludes that PD would be the most appropriate district for the rezoning because of the impact R4 conditional uses may have on the surrounding residential area and because PD affords the City greater review authority. As a result, the CPC concludes the property at 19327 (also known as 19403), 19333, and 19339 West Chicago should be rezoned as PD to allow "R2 uses" and the proposed transitional housing.

As for the Detroit Archdiocese's property located on 9757 Westwood Avenue, the CPC concludes the property should also

be rezoned to PD and allow uses permitted in the R3 District. Given the size of the Westwood property, the lack of single-family dwellings on either side of the street, and the fact that both the existing rectory and the playground are uses first permitted by right in the R3 District, if the property is redeveloped in the future, R3-type uses would be appropriate, subject to the kind of review afforded by a Planned Development.

The proposed rezoning of the area, discussed above, is consistent with the approval criteria set forth in Sec. 61-3-80 of the Zoning Ordinance. Such criteria include, but are not limited to consistency with the Master Plan whether the proposed amendment will protect the health, safety and general welfare of the public, and the suitability of the subject property for the existing zoning classification and the proposed zoning classification.

In conclusion, the CPC notes that there is community support in the subject area. (Only one voice of opposition was raised — a phone call from a non-resident of the area who did not appear at the public hearing.) Efforts have been made to guarantee the proposed rezoning will not negatively affect the health, peace and social welfare of the citizens in the area under consideration. The CPC, therefore, recommends that your Honorable Body approve the rezoning as indicated in the attached ordinance approved as to form by the Law Department.

**City Planning Commission**

July 15, 2010

Honorable City Council:

Re: Special District Review of improvements to a historic building and grounds at 100 West Kirby Avenue, which is in an Interim Historic District (PCA District) (Recommend Approval).

The owners of a historic building at 100 West Kirby Avenue, which is within the boundaries of a proposed Historic District, have proposed improvements to the building and its grounds that must be approved by City Council. Section 61-3-181 of the Detroit Zoning Ordinance mandates that special district review shall take place in all areas zoned PCA ("Restricted Central Business District") to "ensure that the exterior appearance and function of any building or other development in or near the downtown Civic Center and Cultural Center are compatible with and complementary to the central urban core." Your Honorable Body approved a rezoning of the subject property from PC to PCA on July 7, 2009 (Ord. No. 08-09).

**REVIEW**

Section 61-3-185 of the Zoning

Ordinance requires City Planning Commission (CPC) and the Planning and Development Department (P&DD) to review "the exterior design, appearance, and location of any proposed building, or exterior alteration of any existing building, structure, or premises, or part thereof.... Such review is to ensure harmony with the Public Center and for consistency with the spirit, intent, and purpose of [the Zoning Ordinance]."

Work has already occurred on the premises of 100 W. Kirby, such as cutting trees and replacing the roof and windows of the existing historic structure, that, due to an error, was not referred by the Buildings and Safety Engineering Department to CPC for review as is required by the Zoning Ordinance. City Council previously passed a resolution approving installation of a parking lot on the property on a conditional basis, subject to changes required by the Historic District Commission. The design of the parking lot was slightly changed to include additional buffering from the public right-of-way after review by the Historic District Commission.

CPC/P&DD staff have reviewed an updated site plan for the property and it was found to meet the requirements under Section 61-11-97 (PCA District Review Criteria) of the Zoning Ordinance. The additions to the property include:

- Additional landscaping, consisting of flower beds, bushes, and trees added to the existing lawn;
- Construction of a parking lot (approved by your Honorable Body, subject to changes by the Historic District Commission);
- Landscaping buffer between parking lot and the public right-of-way along West Kirby Avenue;
- Deck with trellis at the rear of the building, not easily visible from public right-of-way
- Bicycle racks at front and rear entrances to building;
- Identification signs (with exterior illumination);

Re: Correction of Sales Resolution Development: 4046 W. Fort Street.

On November 29, 2000, your Honorable Body authorized the sale of the above-captioned property via Development Agreement to The Gregory H. Causley Trust, a Michigan Corporation, for the construction of additional parking for their adjacent mail hauling business.

It has now come to our attention that the sales resolution was issued in error. Accordingly, the sales price has been adjusted from \$20,400 to \$12,500 and the sales transaction has been modified from a sale under Development Agreement to an outright sale via quit claim deed to The Gregory H. Causley Trust, a Michigan Corporation.

We, therefore, request that your Honorable Body adopt the attached resolution and authorize an amendment to the sales resolution to reflect an adjustment in the sales price from \$20,400 to \$12,500 and modify the sales transaction from a sale under Development Agreement to an outright sale with The Gregory T. Causley Trust, a Michigan Corporation.

We, also, request that your Honorable Body authorize the Planning & Development Department's Director, or his authorized designee, to issue a quit claim deed to the property and such other documents as may be necessary to effect the sale.

Re: Substantial Amendment to Community Development Block Grant — Recovery (CDBG-R) Project List.

On June 4, 2009, your Honorable Body approved a Substantial Amendment to the 2008 Action Plan, authorizing the Planning & Development Department to receive and administer the Detroit allocation of \$9,962,210 from Community Development Block Grant — Recovery (CDBG-R) funds as authorized by the American Recovery and Reinvestment Act of 2009.

Since that time, several of the approved projects have been unable to proceed and are no longer viable. As a result and in an effort to obligate and expend the funds by the September 30, 2010 deadline, we are

requesting that the projects that will not proceed be reprogrammed for other eligible uses as outlined below:

<b>Approved Project</b>	<b>Amount</b>
Eastern Market Energy Efficient Renovation of Shed #3	\$ 500,000
Installation of ADA Compliant Ramps	\$ 500,000
Major Street Resurfacing	\$1,100,000
Rehabilitation of Lafayette Street Bridge	\$ 240,000
<b>Total</b>	<b>\$2,340,000</b>

<b>Recommended Reprogramming</b>	<b>Amount</b>
Crowell Community Center Energy Efficient Upgrades	\$ 200,000
Lenox Recreation Center Energy-Efficient Upgrades	\$ 150,000
Lasky Recreation Center Energy-Efficient Upgrades	\$ 150,000
Repaving of 10 Miles of Class C Streets in NSP Areas	\$1,840,000
<b>Total</b>	<b>\$2,340,000</b>

The above information will be posted on the Planning & Development website beginning July 16, 2010 for public comment. We will also be prepared to present a full status of all CDBG-R projects when this matter is scheduled for discussion. Should you have questions, please feel free to contact me.

**Seeking Approval of a Substantial Amendment to the 2008 Annual Action Plan, Community Development Block Grant — Recovery Project List.**  
 By Council Member Jenkins:

Whereas, The Department of Housing and Urban Development (HUD) received approval by Congress in March, 2009 to enact the American Recovery and Reinvestment Act of 2009 Community Development Block Grant-Recovery Funds, in an appropriation of \$1 billion to state and local governments to carry out on an expedited bases, eligible activities under the CDBG Program, and;

Whereas, The City of Detroit has been awarded \$9,962,210 to provide, preserve and create jobs, while promoting economic recovery through the approved projects;

Whereas, The City of Detroit submitted a Substantial Amendment to the annual 2008 Action Plan, in order to receive the \$9,962,210 funding award;

Whereas, The Planning and Development Department is the designated lead agency developing and coordinating implementation of the designated projects;

Whereas, The City of Detroit Substantial Amendment was approved by HUD but now requires an amendment to the activities and corresponding budget amounts due to the reality that some of the previously approved projects are no longer viable and cannot be successfully implemented within the required project timeline;

Whereas, The City of Detroit, through P&DD is respectfully requesting approval and support from this Honorable Body to submit a revised Substantial Amendment to the Consolidated Action plan to reflect the following activities and corresponding modified budget amounts:

Crowell Community Center Energy Efficient Upgrades	\$ 200,000
Lenox Recreation Center Energy-Efficient Upgrades	\$ 150,000
Lasky Recreation Center Energy-Efficient Upgrades	\$ 150,000
Repaving of 10 Miles of Class C Streets in NSP Areas	\$1,840,000

Now therefore be it resolved, That the Detroit City Council hereby approves amending the Consolidated Plan 2008 Action Plan for the Community Development Block Grant-Recovery Program to reflect the reprogramming of the activity change and revised budgeted amounts in accordance with the above; and,

Be it finally resolved, That the Mayor of the City of Detroit is hereby authorized to amend the HUD Consolidated Plan 2008 Action Plan, including all understandings and assurances contained therein to the U.S. Department of Urban Development (HUD) in accordance with the foregoing communication.

Honorable City Council:

Re: Petition No. 250 — Wayne State University, requesting to vacate a portion of the Second Avenue easement to accommodate the Damon J. Keith Center for Civil Rights.

Petition No. 250 of "Wayne State University", 5700 Cass Avenue, Suite 4900, Detroit, Michigan 48202 is request-

ing to vacate (outright) a portion of the Second Avenue easement, 100 feet wide, (previously vacated and converted to easement May 5, 1966, J.C.C. Pgs. 1325-1329) between West Palmer Avenue, 117 feet wide (as widened) and vacated West Ferry Avenue, 60 feet wide.

Said outright vacation is necessary in order for Wayne State University to construct a proposed addition to the Law School Building at 471 W. Palmer Ave. within Gullen Mall to accommodate the new Damon J. Keith Center for Civil Rights. It is hoped that your Honorable City Council will give favorable consideration to this request, so that this most prestigious center can create a prominent gateway entrance to this part of the campus, as well as add to the revitalization of the City of Detroit.

The petition was referred to the City Engineering Division — DPW for investigation (utility review) and report. This is our report:

The Public Lighting Department (PLD) reports having facilities in the area of the outright vacation. However PLD has no objection to the proposed outright vacation of the private easement. The PLD is in the process of working with the petitioner to relocate/remove PLD facilities. Any damage done to existing PLD facilities by the proposed construction must be repaired at project cost.

All other city departments and privately owned utility companies have reported no objections to the changes in public rights-of-way or that satisfactory arrangements have been made. Provisions protecting utility installations (if necessary) are part of the resolution.

An appropriate resolution is attached for consideration by your Honorable Body.

Respectfully submitted,

Honorable City Council:

Re: Resolution Endorsing the Application to MDNRE — Right of Way Acquisition.

Over the past year, the Dequindre Cut (Cut) has become an iconic feature that like the Riverwalk is fast becoming the face of the Detroit landscape. The conversion

of this abandoned 1.5-mile rail corridor encouraged a more progressive way of thinking in converting abandoned property for public use. The Cut is one catalyst behind the conversation about building a more walkable and bikable city. Thus, a systematic linkage of walkways and bike-ways is created to some of the city's most significant cultural and natural resources.

The current Cut ends at Gratiot because the rail corridor north of Gratiot is privately owned. A design to continue the Cut north and connect the corridor into Eastern Market has been completed. State and federal agencies have expressed interest in supporting the project, and philanthropic dollars are available to supplement construction cost.

The remaining barrier is acquisition of the railway corridor property itself. The president of the railroad company that owns the segment from Gratiot to Mack has agreed to sell. The negotiated price of \$500,000 conforms to an independent appraisal. As such, the City of Detroit wishes to submit an application to the Michigan Department of Natural Resources & Environment (MDNRE), which administers the Natural Resources Trust Fund for the acquisition costs (500,000) for the property, along the rail corridor. The deadline for submittal is August 1, 2010. A resolution from the City Council is required endorsing the application, which this letter requests.

The Natural Resources Trust Fund provided \$393,000 toward the \$4 million in construction of the first phase of the Cut (the remainder having come from the Michigan Department of Transportation and the Community Foundation for Southeast Michigan). Trust Fund board members continue to cite that grant and the outcome as one of the most unique and interesting projects the Trust Fund has supported. It is felt that this would be a prime time to return to the Natural Resource Trust Fund for this additional support.

Respectfully submitted,  
ALFRED JORDAN

Director

Department of Public Works

By Council Member Brown:

Honorable City Council:

Re: Water Service Contract Between City of Detroit and City of Ecorse.

The City of Ecorse has agreed to a new thirty-year water service contract with the City of Detroit. This contract is based upon the model water contract that was discussed in detail before the Public Health and Safety Standing Committee on May 19, 2008. As discussed in Committee, the new contracts have a term of thirty years. The terms of each contract negotiated are identical, with the exception of the two contract exhibits. Exhibit A of the contract sets forth the customer's service area and metering information. Exhibit B of the contract sets forth the particular service level needs of the customer.

Your approval of the new water service contract with the City of Ecorse, with a waiver of reconsideration, is requested. The Board of Water Commissioners approved this water service contract on June 16, 2010.

### RESOLUTION IN SUPPORT OF ARISE DETROIT! NEIGHBORHOODS DAY

By Council Member Watson; Joined By Council Member Jones:

Whereas, ARISE Detroit! Neighborhood Day is an annual event held to reconnect city residents with each other, learn about community programs and re-embrace the neighborly spirit that many of us grew up with years ago; and

Whereas, Neighborhoods Day celebrates the great work block clubs, churches, schools, community groups and local businesses do throughout the year in an effort to create a better Detroit; and

Whereas, What is most unique about this effort is that it is not even held in just one place; it is held in neighborhoods all over the city on the same day, from midtown to downtown, from the west side to the east side; and

Whereas, Neighborhoods Day is strongly supported by the Skillman Foundation, Wayne County, church groups, business organizations and the health community. Now, Therefore Be It

Resolved, That the Detroit City Council supports ARISE Detroit! Neighborhoods Day celebrations to be held on August 7, 2010.

WHEREAS, The Dossin Great Lakes Museum, an edifice filled with more than 300 years of the region's maritime history, will celebrate its Golden Anniversary on July 24, 2010, and

WHEREAS, The story of the Great Lakes Museum began with the 1956 destruction of the Museum of Great Lakes History — which was housed on the J. T. Wing sailing ship. The loss of the Museum of Great Lakes History created a void for nautical admirers to explore maritime history. ### RESOLUTION BY DETROIT CITY COUNCIL APPROVING ADVISORY BALLOT QUESTION REGARDING DETROIT PUBLIC SCHOOLS

By COUNCIL MEMBER BROWN:

WHEREAS, The children of the City of Detroit deserve a public school system that is financially secure, well-governed, holds its leaders and teachers accountable for student achievement, ensures their safety, and nurtures students to achieve high academic levels in order to compete in the global economy; and

WHEREAS, The Detroit City Council believes the success of the City's economy and rebirth depends on the attraction of families and businesses into the City, and a thriving public school system is a crucial determining factor for families making the decision where to live

and for businesses wanting to recruit local talent; and

WHEREAS, The Detroit Public Schools for decades have experienced financial, governance and academic challenges under a board structure, resulting in a persistent decline in student achievement levels and resulting in the Governor of the State of Michigan appointing an Emergency Financial Manager under Public Act 72; and

WHEREAS, U.S. Secretary of Education, Arne Duncan, announced on July 7, 2010, that Michigan will receive \$136 million to turn around its persistently lowest achieving schools through the School Improvement Grants program, with another \$545.6 million to be awarded in 2010, and another \$900 million to be awarded in 2011. School districts will be eligible for funding if they implement a Turnaround Model, Restart Model, School Closure Plan, or Transformation Model; and

WHEREAS, There has been a trend to change the governance structure of large, under-performing school districts around the country. We believe it is time for broad public debate to determine the best way for Detroit Public Schools to achieve more accountability; improve the fiscal status; and most importantly, improve the academic achievement and graduation rates of our children; and

WHEREAS, The Detroit City Council takes no particular position on whether mayoral responsibility is in the best interests of Detroit Public Schools; but expresses its belief that there should be a mechanism for checks and balances in a mayoral school governing system that requires the Legislative Body's approval of certain matters, such as the budget and contracts, to provide a layer of accountability and to protect the integrity of taxpayer dollars; and

WHEREAS, The Detroit City Council has the authority under Michigan Law and the Detroit City Charter, Section 3-101 *Elections* to submit an advisory question or proposal to the voters of the City; and

WHEREAS, The Detroit City Council believes it has a moral and ethical duty to the citizens of Detroit **to uphold democracy and let the citizens decide** whether they want a new governance structure for their school system; NOW THEREFORE BE IT

#### STATEMENT BY COUNCIL MEMBER KENNETH V. COCKREL, JR. ON MAYORAL CONTROL OF DPS BALLOT PROPOSAL

Today the Detroit City Council voted on the question of whether or not to place a ballot question before the voters asking whether or not the Mayor should be given control of the day to day management of the Detroit Public Schools.

The days leading up to today's vote saw Council host three marathon public hearings during which proponents and opponents of this proposal testified with great passion and fervor. This was without a doubt the most controversial issue I've ever seen Council vote on in my 13 years of service to the citizens of Detroit. It was also the most difficult vote I've had to cast during that time.

As a parent of five children who will attend Detroit Public Schools in the Fall of this year, I can easily say that while I believe our public school system is often unfairly maligned, I am also not happy with the status quo. The system is unquestionably broken and in dire need of fixing.

However, I do not believe that the flawed approach used to bring this matter before City Council puts us on the right path to salvation. For this reason, I had no choice but to join with a majority of Council Members in voting against this proposal.

My concerns were the following:

First, the proponents of the ballot initiative never presented credible evidence that there is truly widespread support for their approach. Though much was made

of alleged 30,000 signatures of registered voters in support of placing this question on the ballot, that claim has not been verified. This is because those signatures were never validated and never will be because the proponents did not present them to the City Clerk with proper ballot language in a timely fashion.

Secondly, it's questionable as to whether or not City Council even has the legal authority to place this question on the ballot. There is case law, specifically *Southeastern Michigan Fair Budget Coalition vs. Killeen* (1986) where the Michigan Court of Appeals rules that city officials lack the power to place advisory questions on the ballot if those questions do not pertain to matters outside their own local authority.

Though subsequent changes in Detroit's City Charter may be interpreted to allow for the Detroit City Council to act in this case this is questionable — not certain. The probability of a lawsuit here is high. As a Councilmember, I have a fiduciary responsibility to the City of Detroit that includes seeking to avoid costly litigation directed at our cash-strapped City.

Lastly, and this is my greatest concern, the proponents of this ballot question failed to provide the City Council with either workable ballot language and most importantly a plan for Mayoral control. The last is critical. If voters approve Mayoral control there must then be a plan for implementing it.

It is true this vote would be advisory, meaning that it would ultimately fall to the Michigan State legislature to craft the plan for how Mayoral control would work, but I am not comfortable with entrusting this responsibility to them without at least providing those more detailed roadmap for change.

If Mayor Bing was truly serious about mayoral control he should have A) come out publicly in support of it months ago and laid out reasons why it's needed and how it will work, and B) engaged Council, community leaders, pastors, school officials, and everyday people in a proactive dialog aimed at putting ballot language with a detailed plan for school reform before the voters.

A reform plan for the public school system will potentially affect generations of Detroit schoolchildren. It should therefore be well-thought and ready to implement. It should not be rushed over a period of two weeks and encapsulated solely in a two-page City Council resolution. I simply was not comfortable with rushing to make a decision that will affect not only thousands of my constituent's children but also my own.

Despite my vote I will say this: I firmly believe that the fate of our city and the fate of our school system are linked. One will not rise without the other.

Today's vote should not mark the end of the debate. Instead, I hope that all parties can now begin to discuss and plan a rational strategy for moving both forward.

STATEMENT BY COUNCIL MEMBER  
SAUNTEEL JENKINS REGARDING  
YES VOTE ON DPS GOVERNANCE  
ADVISORY BALLOT QUESTION

Let me start by saying I am adamantly opposed to Mayoral control of Detroit Public Schools. However, I believe all Detroiters should have an opportunity to vote on this issue. That is why after much debate and deliberation, I decided to vote "Yes" on the resolution to place an advisory question on the November ballot.

Many of those who oppose placing the question on the ballot stated that the question should not be placed on the ballot because they oppose Mayoral control. However, the question before this body today, was not about Mayoral control. City Council cannot, and should not decide that question. The question placed before us today was whether or not all Detroit voters should have an opportunity to vote on this issue.

This initiative has started a dialogue that should have taken place many years ago. Now is the time to continue the dialogue until we come up with a solution. When I say "We" I mean parents, students, community leaders, teachers, administrators, elected officials and business leaders.

I have listened to both sides of this argument from adults and children. I have listened to business leaders and community leaders. I have listened to parents and principals. I have listened to the many citizens who have called and emailed my office on this issue. My office has received hundreds of calls, emails and letters from the citizens of the City of Detroit. By an eight to one margin these citizens have asked me to place this issue on the ballot. This indicated to me that the citizens are ready for change.

Nearly everyone agrees the current system we have in place is not serving our children well. Where we disagree is how this change that we all desperately want and that our children need will be created.

We live in a democracy and the beauty of living in a democracy is that although we may not always agree, we still have an opportunity to be heard and to express ourselves through our vote. I understand that the citizens of Detroit voted against Proposal E six years ago. However, the Detroit City Council and the Detroit Public Schools have gone through many changes since Proposal E. Some Detroiters who were unable to vote six years ago, due to their age, are now able to cast a vote. Others may have experienced events in their lives

that have caused them to develop a different perspective.

I believe that putting this question on the ballot would have solidified the voters' right to select the governance of their school system. For that reason, and that reason alone, I voted "Yes" to put this issue on the November ballot.

**Taken from the Table**

Council Member Jenkins moved to take from the Table an ordinance to amend Chapter 61 of the 1984 Detroit City Code, the Detroit Zoning Ordinance, by amending Article XVII, District Map No. 40 to show a PD (Planned Development District) zoning classification where a B4 (General Business District) zoning classification, an R5 (Medium Density Residential District) zoning classification, and an R6 (High Density Residential District) zoning classification are currently shown for the property generally bounded by Joy Road on the north, the Southfield Service Drive on the west, etc., which parcel is identified in the city's assessment records as 8401 Woodmont Avenue, laid on the table July 20, 2010, which motion prevailed.

Financing for this development will be made possible through a Construction Loan in the amount of \$7,000,000.00 from Park National Bank for 24 months at prime plus 0.50 bps with a 5% floor; permanent mortgage in the amount of \$6,348,502 from the Detroit Housing Commission for 45 years at .5% interest rate and Low Income Housing Tax Credit.

All units in the development will be restricted to households whose incomes are at or below 60% of the area median income adjusted for family size. The public housing units, through a project-based subsidy will pay approximately 30% of their gross income as rent. Forty-eight (48) tenants currently occupy units in the existing portion of Charles Terrace; these tenants will be relocated to Emerald Springs 1A and 1B as construction is completed. Twenty-one units will be reserved for supportive service tenants; 11 units will be equipped for those with mobility impairments and 5 will be equipped for those with hearing or sight impairments.

Honorable City Council:

Re: NSO Bell Housing. Payment in Lieu of Taxes (PILOT).

NSO Properties, a Michigan non-profit corporation has an offer to purchase from Focus:HOPE property located at 14300 Woodrow Wilson (AKA) 882 Oakman Boulevard and 850 Oakman Boulevard. NSO Bell Housing Inc., General Partner, Neighborhood Service Organization, Limited Partner has formed NSO Bell Housing Limited Dividend Housing Association Limited Partnership. The partnership will be rehabilitating the former Michigan Bell building, the first floor and part of the second floor will be used for commercial purpose to house NSO Administrative and Service Headquarters. The remainder of the building will provide 155 one-bedroom units of permanent supportive housing for the homeless and chronically homeless. Each of these units

will have federal project-based Section 8 voucher provided through MSHDA.

Funding for this project will be provided by several sources some of which are: Historic and Brownfield Tax Credits, Federal and State Historic Credit Equity, City of Detroit and Wayne County HOME Funds, MSHDA Tax Credit Assistance Program and Low Income Housing Tax Credit.

MSHDA has indicated that such development receiving low income tax credits, but no financing from the authority, are eligible to receive tax abatements pursuant to Section 15a of Act 346 of the Public Acts of 1996 as amended.

In order to make this development economically feasible, it is necessary for it to receive the benefits of tax exemption under Section 15a of the State Housing Development Authority Act of 1996, (P.A. 346, as amended, MCLA125.1415A).

Units will be targeted to individuals whose income is below 50% of the area median income (AMI), however MSHDA will be providing a project-base Section 8 contract that will allow NSO to target individuals whose income is below 30% AMI.

Adoption of the resolution by your Honorable Body will therefore satisfy the requirements of Public Act 346 and City Ordinance 9-90, as amended, by establishing a service charge of nine percent (9%) for this housing project on the net shelter rent.

Respectfully submitted,  
J. CASTONE

Honorable City Council:

Re: Petition Number 122 — Recommendation of Approval of Request for the Issuance of a Dance and Entertainment Permit to State Fair Lounge, Inc., in Conjunction with Transfer of a "Class C License" for a Group "A" Cabaret at 19908-19910 Hoover.

**BACKGROUND**

Section 916(10)(b) of the Michigan Liquor Control Code of 1998, being MCL 436.1916(6)(b), requires that, prior to the issuance of a Michigan Liquor Control Commission ("MLCC") dance permit, entertainment permit, or a combination dance and entertainment permit, or an official extended hours permit for patron dance or entertainment, an establishment licensed by the MLCC for the sale of alcoholic beverages on the premises shall obtain the approval of the local legislative body of the municipality within which the premises is located.

Pursuant to this requirement, the MLCC has forwarded to the Detroit City

Council a Local Approval Notice, Request ID Number 531204, which has been designated by the City Clerk as Petition Number 122. This Local Approval Notice requests approval or disapproval of a request by State Fair Lounge, Inc., ("Permit Applicant") for the issuance of a dance and entertainment permit, and a new official extended hours permit for dancing and entertainment, in conjunction with the transfer of a "Class C license" at 19908-19910 Hoover. However, the Law Department has recently been advised by the MLCC that the request for approval of a new official extended hours permit for dance and entertainment at the location was cancelled by the Permit Applicant.

City of Detroit zoning district maps indicate that 19908-19910 Hoover is in a B4 (General Business) zoning district. Pursuant to Section 61-9-82 of the Detroit Zoning Ordinance, Chapter 61 of the 1984 Detroit City Code, the use of this location for the sale of beer or intoxicating liquor for consumption on the premises or for a cabaret is a conditional use since the location is outside the Central Business District. Buildings and Safety Engineering Department ("B & SE") has requested that the approved land use for the location is "Class C" Bar/Restaurant." Notwithstanding a prior history of the location being licensed by the City as a Group "A" Cabaret, B & SE has requested that the Permit Applicant secure a permit under the Detroit Zoning Ordinance to allow for a cabaret with dance and entertainment at the location.

**APPROVAL CRITERIA**

The City Council Procedures and Criteria for Michigan Liquor Control Commission Permits ("Procedures and Criteria") became effective upon publication on August 25, 2009. Part VI of the Procedures and Criteria states that City Council shall grant the Permit Applicant's request for approval of the issuance of an MLCC permit unless one or more of the eleven (11) specified criteria are not met by the Permit Applicant. Pursuant to Part V of the Procedures and Criteria, the designated MLCC Permit Coordinator ("Coordinator") has submitted a report to the City Council, the City Planning Commission, and the Law Department concerning the approval criteria contained in Part VI of the Procedures and Criteria. A copy of the Coordinator's report, dated June 1, 2010, has been mailed to the Permit Applicant.

A review of the Coordinator's report indicates that the Permit Applicant has failed to meet several of the approval criteria contained in Part VI of the Procedures and Criteria. Specifically, Approval Criterion No. 4 requires that the subject premises be in compliance with the Detroit Zoning Ordinance. As previously indicated, B & SE reports that the approved land use for 19908-19910

Hoover is "Class "C" Bar/Restaurant," which does not include the use of the location for a cabaret with dance and entertainment. Further, Approval Criterion No. 9 of the Procedures and Criteria pertains to unpaid fees or uncured violations under the purview of B & SE. The Coordinator's report states that a recent inspection found that there were ongoing interior and exterior renovations at the location without the benefit of a permit. As such, B & SE has recommended that the request for approval of the issuance of a dance and entertainment permit by this Body be denied until the use is legally established and the violations corrected.

Also, Approval Criterion No. 11 of the Procedures and Criteria pertains to unpaid fees or uncured violations at the location under the purview of the Detroit Fire Department. The Coordinator's report states that due to delinquent inspection fees, the Detroit Fire Department has recommended that the request for approval of the permit be denied.

#### **RECOMMENDATION**

Upon notification of the aforementioned deficiencies, the Permit Applicant has taken action to meet the approval criteria contained in Part VI of the Procedures and Criteria. Concerning Approval Criterion No. 4 and Approval Criterion No. 9, the Permit Applicant has paid the B & SE fees associated with a change in land use and the issuance of the required permit and business license to allow dance and entertainment at the location. Further, the Permit Applicant has provided the Law Department with a copy of a Certificate of Compliance for the location that has an expiration date of March 2, 2011. In regard to Approval Criterion No. 11 of the Procedures and Criteria, the Law Department has been advised that the Detroit Fire Department has issued a clearance concerning any unpaid fees or uncured violations for the location.

Therefore, attached for this Body's consideration is a proposed resolution for the approval of the issuance of a dance and entertainment permit by the MLCC to State Fair Lounge, Inc., for 19908-19910 Hoover. Since the Permit Applicant has cancelled the part of the request for approval of a new official extended hours permit for dance and entertainment, a copy of an amended Local Approval Notice form resolution deleting the reference to a new official extended hours permit for dance and entertainment is attached for submission to the MLCC. Further, the Law Department recommends that the Resolution be moved to the Committee of the Whole for its action.

If there are any questions or concerns, please do not hesitate to contact our office.

Respectfully submitted,

#### Law Department

July 28, 2010

Honorable City Council:

Re: Petition Number 155 — Recommendation of Denial of Request for City Council Approval for the Issuance of a New Entertainment Permit by the Michigan Liquor Control Commission in Conjunction with a "Class C License" at 6705 West Lafayette Boulevard.

#### BACKGROUND

Section 916(10)(b) of the Michigan Liquor Control Code of 1998, being MCL 436.1916(10)(b), requires that prior to the issuance of a Michigan Liquor Control Commission ("MLCC") dance permit, entertainment permit, or a combination dance and entertainment permit, an establishment licensed by the MLCC for the sale of alcoholic beverages on the premises shall obtain the approval of the local legislative body of the municipality within which the premises is located.

Pursuant to this requirement, the MLCC has forwarded to this Body a Local Approval Notice, Request ID Number 535180, which has been designated by the City Clerk as Petition Number 155. This Local Approval Notice requests City Council approval of a request by El Bosque, Inc. ("Permit Applicant") for the issuance of a new entertainment permit in conjunction with a "Class C license" at 6705 West Lafayette Boulevard.

Building and Safety Engineering Department ("B&SE") and Board of Zoning Appeals ("BZA") records for 6705 West Lafayette Boulevard indicate that the location is in an R2 (Two-Family Residential) zoning district and that the current legal land use is "Class 'C' Rental Hall/Assembly Hall with Billiard Hall," which are nonconforming land uses in an R2 zoning district. These nonconforming land uses are pursuant to B&SE Permit Number 1380, in conjunction with zoning grants issued in BZA Case Number 122-04, dated October 7, 2007, and BZA Case Number 55-07, dated August 24, 2007.

### APPROVAL CRITERIA

The City Council Procedures and Criteria for Michigan Liquor Control Commission Permits ("Procedures and Criteria") became effective upon publication on August 25, 2009. Part VI of the Procedures and Criteria states that City Council shall grant the Permit Applicant's request for approval of the issuance of an MLCC permit unless one or more of the eleven (11) specified criteria are not met by the Permit Applicant. Pursuant to Part V of the Procedures and Criteria, the designated MLCC Permit Coordinator ("Coordinator") has submitted a report to the City Council, the City Planning Commission, and the Law Department concerning the approval criteria contained in Part VI of the Procedures and Criteria. A copy of the Coordinator's report, dated June 8, 2010, has been mailed to the Permit Applicant.

A review of the Coordinator's report indicates that the Permit Applicant has failed to meet three (3) of the approval criteria contained in Part VI of the Procedures and Criteria. Specifically, Approval Criterion No. 4 requires that the subject premises be in compliance with the Detroit Zoning Ordinance. The Coordinator's report states that B&SE has reported that the Detroit Zoning Ordinance prohibits cabarets, which includes entertainment, in residential zoned districts. It is noted that BZA Case Number 122-04 states that the zoning grant to add a Class "C" liquor license to a nonconforming use (rental/assembly hall) at the location did not authorize a private club license or nightclub (cabaret). Also, BZA Case number 55-07 only granted the additional use of the location for a pool or billiard hall. Therefore, the permit Applicant is non-compliant with the Detroit Zoning Ordinance.

Further, Approval Criterion No. 9 of the Procedures and Criteria pertains to unpaid fees or uncured violations under the purview of B&SE. The Coordinator's report includes a report from B&SE that indicates that there are outstanding business license fees for the location. In addition, approval Criterion No. 11 of the Procedures and Criteria pertains to unpaid fees or uncured violations under the purview of the Detroit Fire Department. The Coordinator's report indicates that the Detroit Fire Department has recommended the denial of the permit request because of delinquent inspection fees and a violation of the Detroit Fire Prevention and Protection Code.

### RECOMMENDATION

Due to the fact that the Coordinator's report submitted for this request for approval indicates that the Permit Applicant has failed to meet three (3) of the approval criteria of the Procedures and Criteria, attached is a proposed reso-

lution disapproving the issuance a new entertainment permit by the MLCC to El Bosque, Inc., for 6705 West Lafayette Boulevard. Further, the Law Department recommends that the Resolution be moved to the Committee of the Whole for its action.

OF THE ISSUANCE OF A NEW  
MICHIGAN LIQUOR CONTROL  
COMMISSION ENTERTAINMENT  
PERMIT TO EL BOSQUE, INC.,  
FOR AN ESTABLISHMENT AT  
6705 WEST LAFAYETTE BOULEVARD  
By Council Member Jenkins:

Whereas, Section 916(10)(b) of the Michigan Liquor Control Code of 1998, being MCL 436.1916(10)(b), requires that, prior to the issuance of a Michigan Liquor Control Commission ("MLCC") dance or entertainment permit, or a combination dance-entertainment permit, a location licensed by the MLCC for the sale of alcoholic beverages on the premises shall obtain the approval of the local legislative body of the municipality within which the premises are located;

Whereas, Pursuant to this requirement, the MLCC has forwarded to this Body a Local Approval Notice (Request ID Number 535180), which has been designated by the City Clerk as Petition Number 155;

Whereas, This Local Approval Notice requests approval by City Council of a request by El Bosque, Inc. ("Permit Applicant"), for the issuance of a new entertainment permit in conjunction with a "Class C license" at 6705 West Lafayette Boulevard;

Whereas, Building and Safety Engineering Department ("B&SE") and Board of Zoning Appeals ("BZA") records for 6705 West Lafayette Boulevard indicate that the location is in an R2 (Two-Family Residential) zoning district and that the current legal land use is "Class C" Rental Hall/Assembly Hall with Billiard Hall," which are nonconforming land uses in an R2 zoning district;

Whereas, The aforementioned nonconforming land uses are pursuant to Permit Number 1380, in conjunction with zoning grants issued in BZA Case Number 122-04, dated October 7, 2007, and BZA Case Number 55-07, dated August 24, 2007;

Whereas, The City Council Procedures and Criteria for Michigan Liquor Control Commission Permits ("Procedures and Criteria") became effective upon publication on August 25, 2009;

Whereas, Part VI of the Procedures and Criteria states that City Council shall

grant a Permit Applicant's request for approval of an MLCC permit unless one or more of the eleven (11) specified criteria are not met by the Permit Applicant;

Whereas, Pursuant to Part V of the Procedures and Criteria, the designated MLCC Permit Coordinator ("Coordinator") has submitted a report to the City Council, the City Planning Commission, and the Law Department concerning the approval criteria contained in Part VI of the Procedures and Criteria;

Whereas, A copy of the Coordinator's report, dated June 8, 2010, has been mailed to the Permit Applicant;

Whereas, The Coordinator's report indicates that the Permit Applicant has failed to meet three (3) of the approval criteria contained in Part VI of the Procedures and Criteria, as follows:

(1) Approval Criterion No. 4 requires that the subject premises be in compliance with the Detroit Zoning Ordinance. The Coordinator's report states that B&SE has indicated that the Detroit Zoning Ordinance prohibits cabarets, which includes activity pursuant to an entertainment permit, in residential zoned districts. BZA Case Number 122-04 states that the zoning grant to add a Class "C" liquor license to a nonconforming use at the location did not authorize a private club license or nightclub (cabaret). As such, neither BZA Case Number 122-04, nor BZA Case Number 55-07, authorize the use of the location for a cabaret or nightclub, and accordingly the permit application is non-compliant with the Detroit Zoning Ordinance.

(2) Approval Criterion No. 9 of the Procedures and Criteria pertains to unpaid fees or uncured violations under the purview of B&SE. The Coordinator's report includes a report from B&SE that indicates that there are unpaid business license fees for the location;

Whereas, Approval Criterion No. 11 of the Procedures and Criteria pertains to unpaid fees or uncured violations under the purview of the Detroit Fire Department. The Coordinator's report indicates that the Detroit Fire Department has recommended the denial of the permit request because of delinquent inspection fees and a violation of the Detroit Fire Prevention and Protection Code; and

Honorable City Council:

Re: Petition Number 245 — Recommendation of Denial of Request for City Council Approval for the Issuance of a New Dance and Entertainment Permit By the Michigan Liquor Control Commission in Conjunction with the Transfer of Ownership of a "Class C License" to Just Martinis Bar and Grill, Inc. at 24201 West Seven Mile Road.

#### BACKGROUND

Section 916(10)(b) of the Michigan Liquor Control Code of 1998, being MCL 436.1916(10)(b), requires that, prior to the issuance of a Michigan Liquor Control Commission ("MLCC") dance permit, entertainment permit, or a combination dance and entertainment permit, an establishment licensed by the MLCC for the sale of alcoholic beverages on the premises shall obtain the approval of the local legislative body of the municipality within which the premises is located.

Pursuant to this requirement, the MLCC has forwarded to this Body a Local Approval Notice, Request ID Number 535064, which has been designated by the City Clerk as Petition Number 245. This Local Approval Notice requests City Council approval of a request by Just Martinis Bar and Grill, Inc., for approval of the issuance of a new dance and entertainment permit by the MLCC in conjunction with the transfer of ownership of a "Class C License," in escrow at 24201 West Seven Mile Road, from Laffrey's Steaks on the Hearth for a business at the same location.

Buildings and Safety Engineering Department ("B & SE") records for 24201 West Seven Mile Road indicate that the location is in a B4 (General Business)

zoning district and that the current legal land use is "Restaurant with a Class 'C' Liquor License" per Permit Number 44880.

#### **APPROVAL CRITERIA**

The City Council Procedures and Criteria for Michigan Liquor Control Commission Permits ("Procedures and Criteria") became effective upon publication on August 25, 2009. Part VI of the Procedures and Criteria states that City Council shall grant the Permit Applicant's request for approval of the issuance of an MLCC permit unless one or more of the eleven (11) specified criteria are not met by the Permit Applicant. Pursuant to Part V of the Procedures and Criteria, the designated MLCC Permit Coordinator ("Coordinator") has submitted a report to the City Council, the City Planning Commission, and the Law Department concerning the approval criteria contained in Part VI of the Procedures and Criteria. A copy of the Coordinator's report, dated June 8, 2010, has been mailed to the Permit Applicant.

A review of the Coordinator's report indicates that the Permit Applicant has failed to meet several of the approval criteria contained in Part VI of the Procedures and Criteria. Specifically, Approval Criterion No. 4 requires that the subject premises be in compliance with the Detroit Zoning Ordinance. The Coordinator's report indicates that the location requires a change in land use hearing pursuant to the Detroit Zoning Ordinance. This hearing is required pursuant to Section 61-9-82 of the 1984 Detroit City Code, the Detroit Zoning Ordinance, since the use of the location for a cabaret with dance and entertainment is a conditional land use. As previously stated, B & SE records indicate that the current legal land use is "Restaurant with a Class 'C' License," which does not include the use of the location for a cabaret with dance and entertainment. Further, Approval Criterion No. 9 of the Procedures and Criteria pertains to unpaid fees or uncured violations under the purview of B & SE. The Coordinator's report includes a report from B & SE that indicates that there are unpaid inspection and permit fees for the location and uncured Detroit Property Maintenance Code and Michigan Electrical Code violations at the location.

Also, Approval Criterion No. 8 of the Procedures and Criteria requires that a real estate tax clearance be obtained for the subject premises. The Coordinator's report indicates that there is a delinquent City of Detroit property tax bill for 24201 West Seven Mile Road. A current Finance Department report indicates that this amount is six thousand seven hundred three dollars and fifty-nine cents (\$6,703.59) for the 2009 tax year.

In addition, Approval Criterion No. 10 of the Procedures and Criteria pertains to unpaid fees or uncured violations under the purview of the Department of Health and Wellness Promotion. The Coordinator's report indicates that the Permit Applicant has not submitted a State Food Service License Application and Plan Review Application to the Department's Food Sanitation Section for the location.

Also, Approval Criterion No. 11 of the Procedures and Criteria pertains to unpaid fees or uncured violations under the purview of the Detroit Fire Department. The Coordinator's report states that there are violations of the Detroit Fire Prevention and Protection Code and delinquent inspection fees for the location.

#### **RECOMMENDATION**

Due to the fact that the Coordinator's report submitted for this request for approval indicates that the Permit Applicant has failed to meet five (5) of the approval criteria of the Procedures and Criteria, attached is a proposed resolution disapproving the issuance of a dance and entertainment permit by the MLCC to Just Martinis Bar and Grill, Inc., for 24201 West Seven Mile Road. Further, the Law Department recommends that the Resolution be moved to the Committee of the Whole for its action.

If there are any questions or concerns, please do not hesitate to contact our office.

Respectfully submitted,  
 KRYSTAL A. CRITTENDON  
 Corporation Counsel

**BACKGROUND**

Section 916(10)(b) of the Michigan Liquor Control Code of 1998, being MCL 436.1916(10)(b), requires that, prior to the issuance of a Michigan Liquor Control Commission ("MLCC") dance permit, entertainment permit, or a combination dance and entertainment permit, an establishment licensed by the MLCC for the sale of alcoholic beverages on the premises shall obtain the approval of the local legislative body of the municipality within which the premises is located.

Pursuant to this requirement, the MLCC has forwarded to this Body a Local Approval Notice, Request ID Number 430978, which has been designated by the City Clerk as Petition Number 2106. This Local Approval Notice requests City Council approval of a request by Bailey Lounge, LLC, ("Permit Applicant") for the issuance of a new dance and entertainment permit in conjunction with a "Class C license" at 11700-11702 Livernois.

Buildings and Safety Engineering Department ("B & SE") records for 11700-11702 Livernois indicate that the location is in a B4 (General Business) zoning district and that the current legal land use is "Cabaret 'A' with a Class C License and Restaurant."

**APPROVAL CRITERIA**

The City Council Procedures and Criteria for Michigan Liquor Control Commission Permits ("Procedures and Criteria") became effective upon publication on August 25, 2009. Part VI of the Procedures and Criteria states that City Council shall grant the Permit Applicant's request for approval of the issuance of an MLCC permit unless one or more of the eleven (11) specified criteria are not met by the Permit Applicant. Pursuant to Part V of the Procedures and Criteria, the designated MLCC Permit Coordinator ("Coordinator") has submitted a report to the City Council, the City Planning Commission, and the Law Department concerning the approval criteria contained in Part VI of the Procedures and Criteria. A copy of the Coordinator's report, dated June 9, 2010, has been mailed to the Permit Applicant.

A review of the Coordinator's report indicates that the Permit Applicant has failed to meet several of the approval cri-

teria contained in Part VI of the Procedures and Criteria. Specifically, Approval Criterion No. 8 of the Procedures and Criteria requires that a real estate tax clearance be obtained for the subject premises. The Coordinator's report states that there is an outstanding City of Detroit property tax bill for the location in the amount of three hundred four dollars and sixteen cents (\$304.16), which represents taxes, fees, interest, and penalties due for the 2009 tax year.

Also, Approval Criterion No. 9 of the Procedures and Criteria pertains to unpaid fees or uncured violations under the purview of B & SE. The Coordinator's report includes a report from B & SE that indicates that there are unpaid inspection fees for the location and uncured Michigan Electrical Code and Michigan Mechanical Code violations at the location.

Further, Approval Criterion No. 11 of the Procedures and Criteria pertains to unpaid fees or uncured violations under the purview of the Detroit Fire Department. The Coordinator's report states that there are outstanding violations of the Detroit Fire Prevention and Protection Code, being Chapter 19, Article 1, of the 1984 Detroit City Code, and delinquent inspection fees for the location.

**RECOMMENDATION**

Due to the fact that the Coordinator's report submitted for this request for approval indicates that the Permit Applicant has failed to meet three (3) of the approval criteria of the Procedures and Criteria, attached is a proposed resolution disapproving the issuance of a new dance and entertainment permit by the MLCC to Bailey Lounge, LLC, for 11700-11702 Livernois. Re: FY 2010-11 Budget Amendment for Information Technology Services.

After further review of the FY 2010-11 Budget, the Information Technology Services Department needs additional funding to cover their required expenses.

Information Technology Services Department needs an additional \$800,000. The funding will be used to complete Workbrain implementation, upgrade infrastructure and maintain Radio Maintenance Technician position the city needs to complete an upgrade and full implementation of the Workbrain time capture system. The additional funding will be used to complete the remaining 4 departments — Police, Fire, GSD, and DOT. The recent electrical issue in the Coleman A. Young building highlighted the need to upgrade the city's infrastructure. Many servers are old and outdated resulting in a delay in bringing the systems back up this week. These systems are critical to daily work. The Radio Maintenance Technician manages and supports the 800 MHz system. This system is used in Police, Fire and EMS vehicles. The additional funding will allow ITS to manage these systems so they are available to employees for critical daily work.

After further review of the FY 2010-11 Budget, the Mayor's Office needs additional funding to cover their required expenses.

The Mayor's Office needs an additional \$500,000. The FY 2010-11 budget for the Executive Office reflects a 17.20% decrease from FY 2009-10. The Mayor's Office in total reflects a 22.97% decrease from FY 2009-10. This funding is insufficient to perform the Mayor's Office mission. The additional funding will result in the Mayor's Executive Office showing a 7.97% decrease from the prior year and the Mayor's Office in total reflecting a 17.71% decrease.

**City Planning Commission**

July 28, 2010

Honorable City Council:

Re: Draft resolution requesting a 6-

month moratorium in order to consider land use regulations regarding the Michigan Medical Marijuana Act (Departmental Report).

City Planning Commission (CPC) staff submitted to your Honorable Body a report dated July 26, 2010 which included an overview of the Michigan Medical Marijuana Act Initiated Law 1 of 2008 (the Act) and an analysis of regulatory issues related to the Act. The report concluded by recommending that the City Council ask the Administration to adopt a 6-month moratorium on the processing of permit or license applications so that the City can decide whether to draft land use regulations regarding the medical use of marijuana.

As per the direction from the Public Health and Safety Committee on July 26, 2010, attached is a resolution for your consideration which urges the Mayor to institute a 6-month moratorium on the processing of permit and/or license applications for the establishment or operation of businesses or corporations related to the cultivation, distribution, and or use of medical marijuana, including but not limited to dispensaries, cooperatives, grow facilities, and compassion clubs.

Respectfully submitted,

MARCELL R. TODD, JR.

Research and Analysis Division

By Council Member Jones:

Whereas, In November, 2008, Michigan voters passed a ballot initiative allowing, under state law, the medical use of marijuana; and

Whereas, In December, 2008, the Michigan Medical Marijuana Act, Law 1 of 2008 (the Act), went into effect; and

Whereas, The Act in general requires qualifying patients to obtain certification from a physician that the qualifying patient has a debilitating medical condition and gives an opinion that the patient is likely to receive therapeutic or palliative benefit from the medical use of marijuana; and

Whereas, A qualifying patient may annually designate a primary caregiver to assist him/her in obtaining medical marijuana; and

Whereas, The qualifying patient and primary caregiver must apply on an annual basis to the Michigan Department of Community Health for a Registration Identification Card; and

Whereas, Since the Act went into effect, the Michigan Department of Community Health has received over 40,000 applications for Registration Identification Cards; and

Whereas, The Act is silent on many land use issues, including how medical marijuana can be dispensed (a land use that distributes marijuana is often referred

to as a "dispensary") and other land uses such as large-scale nurseries and compassion clubs (generally defined as non-profits where medical marijuana patients gather to obtain information and use their medicine in a safe setting); and

Whereas, The City of Detroit does not have a city ordinance or a zoning ordinance in place stating whether or not the City of Detroit will or will not allow a business related to the cultivation, distribution, and use of medical marijuana; and

Whereas, The City Council is concerned about unregulated land uses related to this issue and potential negative secondary effects that oftentimes spring up around dispensary uses; and

Whereas, Municipalities around Michigan have enacted, or are considering enacting, moratoriums, in order to determine how to address land use issues raised by the Act;

Now, Therefore, Be It Resolved, That Detroit City Council urges the Mayor to institute a 6-month moratorium on the processing of permit and/or license applications for the establishment or operation of a business or corporation (other than patients and primary caregivers as defined and allowed under the Act) related to the cultivation, distribution, and or use of medical marijuana, including but not limited to dispensaries, cooperatives, grow facilities, and compassion clubs.

### **Planning & Development Department**

July 21, 2010

Honorable City Council:

Re: Garfield Area Development Plan Section 108 Loan Guarantee Approval for Note, Mortgage and Development and Loan Agreement Assignment, Assumption, Modification and Amendment for 71, 74 and 80 Garfield.

On May 9, 2003, your Honorable Body approved an amendment to the City's Consolidated Plan to accommodate an application to HUD for Section 108 Loan Guarantee funds in the amount of \$17,000,000 for the Garfield Area Development Plan, a multi-phase redevelopment plan encompassing several properties located on East Garfield and East Forest between Woodward and John R Streets in the City of Detroit. Council's approval resolution also authorized acceptance of Section 108 Loan Guarantee funds in that amount and authorized the execution of all documents pertaining to these funds and their loan to developers on terms consistent with the terms of a Section 108 Loan Guarantee contract with HUD for the project. The City subsequently applied for and received Section 108 funding for the project.

On October 6, 2006, pursuant to Council's approval resolution and consistent with terms set forth in the City's Section 108 contract with HUD for the project, the City executed and entered into a Development and Loan Agreement with Garfield Real Estate Properties, LLC, as developer, for the first phase of the project. That Agreement called for the loan by the City to developer of funds in the amount of \$6,522,000 to finance the rehabilitation of two apartment structures located at 71 and 74 Garfield Streets, together with improvement of an adjacent vacant parcel located at 80 Garfield, in exchange for a Note and Mortgage

promising repayment of the Section 108 Loan over a 20 year term.

Subsequent to the execution of that Agreement, the structure located at 74 Garfield was firebombed and suffered structural damage necessitating its demolition, but developer continued with the rehabilitation of the structure located at 71 Garfield. That rehabilitation is now complete and ready, upon sale of historic tax credits that are now available to the completed project, for issuance of a certificate of occupancy.

Developer has requested that the City approve an assignment of its existing obligations under the Section 108 Note, Mortgage and Development and Loan Agreement to a successor entity, 71 Garfield, LLC, to facilitate sale of the tax credits, which will provide additional funds needed for the project to proceed to completion. Developer has also submitted a proposal for new construction of a mixed commercial/residential structure on the now vacant parcel located at 74/80 Garfield and has requested that the City consider approval of an assignment of developer's interests in and obligations with respect to those parcels to a separate successor entity. Transfer of developer's obligations to two successor entities will maximize developer's ability to leverage additional equity financing that is necessary for completion of the entire project.

Sale of the project's tax credits is critical to the project's completion. Investment of surplus proceeds of that sale into the project will significantly enhance the value of the collateral pledged as security for the City's Section 108 loan and reduce the City's risk of project default. Planning and Development Department is persuaded that an assignment of developer's interest is necessary to facilitate said tax credit sale, and, further, that transfer and assignment of developer's interests and obligations to successor developer entities will also facilitate the addition of a new equity partners who will provide additional equity capital to finance completion of the entire project, in its revised configuration.

Phase II of the Garfield Area Project, involving the loan of \$2,058,000 to finance rehabilitation and expansion of the N'Namdi Art Gallery at 52 and 66 East Forest, has been fully funded and completed. Phase III involving the loan of \$1,723,000 to Detroit Geothermal, LLC for the acquisition of equipment to install alternative energy systems for residential, institutional and commercial facilities, has been fully funded and is fully operational. Its installation of geothermal and solar heating and cooling at 71 Garfield has brought national attention to Detroit for the creative use of Section 108 Guaranteed Loan Funds to foster alternative energy installation in urban rehabilitation projects. The fourth and final phase of

the Garfield Area Project, which is called the Sugarhill Project, involves commercial/residential construction at 79, 81, 95 and 107 East Garfield, along with a parking garage to serve the entire Garfield Project and other nearby residential, commercial and institutional facilities, is currently under review and is close to obtaining final approval and closing on the both loan transaction and associated land sale.

The value of all four project phases will be significantly enhanced by sale of tax credits for the 71 Garfield rehab project and by redesign and construction of a facility at 74/80 Garfield, which is currently included within the scope of the existing Development and Loan Agreement with Garfield Real Estate Properties, LLC that has to be modified and amended in order to proceed.

The City's existing Development and Loan Agreement with developer permits an assignment of developer's interest, with prior written approval of the City, but it also states that "[n]o Amendment to this Agreement shall be effective and binding upon the parties unless it expressly makes reference to this Agreement, is in writing and is signed and acknowledged by duly authorized representatives of all parties to this Agreement and is approved by City Council".

We, therefore, request that your Honorable Body authorize the assignment, amendment and modification of the City's existing Note, Mortgage and Development and Loan Agreement with Garfield Real Estate Properties, LLC for Phase I of the Garfield Area Section 108 Project to permit an assignment of developer's interest and obligations thereunder to 71 Garfield, LLC and the sale of tax credits associated with the project. As consideration for the City's approval and consent to said assignment, developer has agreed to remit to the City all surplus proceeds from the sale of tax credits in excess of what is required to close out the 71 Garfield rehabilitation portion of the project, for placement in escrow pending the City's decision whether to redeploy those funds to assist with the financing of a redesigned project for 74 Garfield or to place them into a debt service reserve account specific to this project to reduce developer's indebtedness to the City under its existing Section 108 Note and Mortgage for the project.

Respectfully submitted,  
WARREN P. PALMER

Director

By Council Member Jenkins:

Whereas, The real estate development entity Garfield Real Estate Properties, LLC is currently indebted to the City of Detroit under an existing Section 108 Guaranteed Loan Fund Note and Mortgage executed and entered into to

Whereas, It may be deemed in the future by the City's Planning and Development Department to be in the City's best interest to approve a subsequent assignment to and assumption by a second successor entity, 74 Garfield, LLC, of that portion of developer's interests and obligations pertaining to development of the currently vacant parcels located at 74/80 Garfield Street.

Whereas, The developer has agreed to remit to the City all surplus proceeds from the sale of tax credits in excess of what is required to close out the 71 Garfield rehabilitation portion of the project, for placement in escrow pending the City's decision whether to redeploy those funds to assist with the financing of a redesigned project for 74 Garfield or to place them into a debt service reserve account specific to this project to reduce developer's indebtedness to the City under its existing Section 108 Note and Mortgage for the project.

Now Therefore, Be It Resolved, That transfer and assignment of the interests and development obligations of Garfield Real Estate Properties, LLC with respect to 71, 74 and 80 Garfield Street in the City of Detroit shall, by this resolution, be authorized and approved, and further

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on May 28, 2010 revealed the building is secured and appears to be sound and repairable.

The owner has paid the current taxes due as of May 28, 2010.

The proposed use of the property is owner's use and occupancy. This is the first deferral request for this property.

Therefore, it is recommended that the demolition order be deferred for a period of three (3) months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Compliance, required for all residential rental properties

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

**PUBLIC COMMENT**

SCOLONIA TURNER (Union representative for SEIU): Ms Turner stated was working her job on 8-25-2010, when her supervisor called her questioning if she had heard that Robert Brown called her on the radio. Ms. Turner replied she hadn't heard him call.. her supervisor alleged ms. Turner had not answered the radio when Mr. Brown called.

Ms. Turner alleges her present employers are trying to get her to retire. Since 8-26-2010 she has not received any paperwork relative to her job status. She does not know if she's been terminated or suspended.

JOANN WATSON: I want this to be listed as a line item at the Internal Operations Standing Committee. A grievance should be filed.

KEN COLBERT (Act Radio Patrol): Mr. Colbert complained of not receiving mileage reimbursement for ACT CB Radio Patrol.

KAMAU MARABLE (Mayor's Office): Mr. Marable stated the Radio Patrol Program will be moved to the Police Department. It's a natural fit there working with Community Affairs. There's concern regarding the following of proper procedures.

GARY BROWN: Council President Pro Tem Brown felt if the program had worked in the City Clerk's Office it should be sent back there. He wants the radio patrols to get paid.

KENNETH V. COCKREL, JR.: Council Member Cockrel stated City Clerk Janice Winfrey felt the radio patrols did not fit into what the City Clerk's Office is suppose to do; thus, it was moved to the Mayor's Office.

VIVIAN HUDSON (City Clerk's Office): You're absolutely right that's what happened. In the beginning the City Clerk's Office had the radio patrol. An assessment was made and it was decided it was not a good fit for our office and passed it on to the Mayor's Office, which at that time was Mayor Kilpatrick.

BROWN: The referral of the Mayor's Office/Neighborhood City Halls — Resolution autho. the Citizens's Radio

Patrol 1st Quarter Allotment to the Neighborhood and Community Services Standing Committee is being done at today's' Formal Session Agenda.

We want to make sure someone from the Mayor's' Office quickly moves on this matter

**SAUNTEEL JENKINS: I want this listed at the Neighborhood and Community Services as a line item to make sure the Radio patrol actually gets paid.**

BRENDA JONES: Why was the program moved?

HUDSON: Our office did not have the staff to properly do the program. We were not equipped as far as personnel is concerned. We thought it would be a better fit in Neighborhood City Halls.

JONES: Why does it take so long for them to get paid?

MARABLE: A lot of times the paperwork is not accurately filled out. Revised forms have to be done.

JONES: The radio patrols are experts at filling out the paperwork because they have been doing it for so long. **They should receive reimbursement sooner. This matter should be addressed in the Neighborhood and Community Services Standing Committee.**

CHARLES PUGH: **This should be made a priority.** Neighborhoods are safer because of their presence.

JOANN WATSON: They should be paid this week. **The Mayor's Office needs to get something done.**

LINDSAY MASON (New Rogel Golf Club): Detroit Golf, LLC submitted a bid proposal to the Recreation Department. Recreation recommended a group from Oakland county is going to receive the recommendation relative to operation of the four golf courses in the City of Detroit.

GARY BROWN: **Requested a copy of the RFP, all bids, score sheets and all winning bids relative to the contract.**

CHARLES PUGH: **We will line item this matter at the Neighborhood and Community Services Standing Committee.**

BRENDA JONES: Which courses are these?

MASON: They are Rackham, Rouge, Palmer and Chandler Park Golf Courses.

JONES: Will the Belle Isle Golf Course be reopened?

MASON: It would be costly to reopen because the grass is quite tall there.

JOANN WATSON: Council passed a resolution stating the course should be reopened there.

KAMAU MARABLE (Mayor's Office): Mr. Marable stated there had been no bidders for running/maintenance of the Belle Isle Golf Course.

REV. JOHNNY BRODEN: Greater St. Stephen's Missionary Baptist Church has been running a car show in the area of Dickerson and Mack to raise money for food and clothes for children in the community. Another community, from Bloomfield Hills, now wants to take over the car show. They dispute this from happening.

Allegedly Greater St. Stephen's petition was denied; Bloomfield Hills petition was granted, who had used their name for the petition.

They are protesting/picketing this endeavor.

JAMES TATE: The request was held up by the Transportation Department; Leadfoot was involved.

**CHARLES PUGH: We will line item this matter at the 9-7-10 Public Health and Safety Standing Committee to clarify the matter.**

REV. BARBARA BROWN (Harvest Detroit Rainbow Ministry): Our organization is requesting a 24 hour prayer. We want to gather 30 churches in Detroit. Each pastor would bring 9 members/ministers to come and pray to strengthen the City; our communities; our officials and leaders; pastors and our schools.

The target date for this event is Saturday, September 18th into Sunday, September 19th; or September 25th into September 26th. The time will be from 8 am, Saturday until 7 pm Sunday. We want the event to take place outside on the grounds of the Coleman A. Young Municipal Center.

CHARLES PUGH: Have you officially begun the process to request that?

BROWN: Yes. I contacted 30 churches; 15 have responded.

PUGH: Keep us posted. The City Clerk's Office officially processes the permit for that date. Once the process is started, if there are any problems, Council can assist you.

BROWN: Thank you.

**JOANN WATSON: We want to line item Rev. Brown's request at the Neighborhood and Community Services Standing Committee so it can be granted, subject to conditions.**

SHANEL CHOLAGH (All For One): All Four One is a non-profit organization in the City of Detroit, hoping to revamp communities in the City. The propose to reopen the Old O'Shea Building.

Honorable City Council:

Re: Gardenview Estates Phase 2C (Asbury Park Avenue) — Payment in Lieu of Taxes (PILOT).

The Detroit Housing Commission (DHC) has selected Norstar Development USA, L.P for the Housing and Urban Development (HUD) sponsored Hope VI redevelopment of the former Herman Gardens Public Housing Complex. The area to be redeveloped consists of approximately 149 acres and is bounded by Joy Road to the north, Tireman to the south, Asbury Park to the east and Southfield Freeway to the west. The Redevelopment Plan includes approximately 496 residential rental units, 424 homeownership units, the redevelopment of a public school, development of a NFL Boys and Girls Club, and commercial/

retail development. In support of the development, the City of Detroit through the Detroit Building Authority (DBA) is constructing all infrastructure required for the project.

The 496 rental units of the development is planned to be completed in phases over the next four to five years depending on the market and the availability of tax credit funding. Phase 2C will consist of 48 units: 12 1-bedroom-1 bath; 24 2-bedroom-1.5 baths; and 16 3-bedroom-2-baths units.

Construction financing is provided by a loan of \$5,700,000 from JP Morgan Chase; permanent mortgage of \$3,900,000 from Detroit Housing Commission/HOPE VI at .5% for 35 years; Low Income Tax Housing Tax Credits and Brownfield redevelopment tax credits. The total development cost for Phase 2C is \$11,058,299.

In order to make this development economically feasible, it is necessary for it to receive the benefits of tax exemption under Section 15a of the State Housing Development Authority Act of 1996, (P.A. 346, as amended, MCLA 125.1415A).

Twenty-four (24) will be public housing units in which tenants will pay no more than 30% of their income for rent. Six (6) units are restricted to tenants with incomes of no more than thirty-five (35%) percent of the area median income. Eight (8) units are restricted to tenants with incomes of no more than 60% of the area median income. Ten (10) of the units will have no rent restrictions.

Adoption of the resolution by your Honorable Body will therefore satisfy the requirements of Public Act 346 and City Ordinance 9-90, as amended, by establishing a 7% service charge for this project.

Respectfully submitted,

**ARTICLE I. IN GENERAL**  
**DIVISION 3. CRIMINAL CONVICTION QUESTION**

**Sec. 13-1-11. Purpose; applicability.**

This division does not limit the right of the City:

We are now providing new information related to another recent trial victory.

**Trial Victory**

On February 10, 2008, Detroit Police Officers Mario White and Cecil Stephens responded to an assault and battery police run to Plaintiff's house. The officers spoke to Plaintiff's wife, who advised them that her husband had punched and choked her because she refused to give him money. Scratches and bruises were observed on Mrs. Sullivan's body. When the officers advised Plaintiff that he was being arrested for domestic violence, Defendants claim he punched Officer Stephens and tried to run out of the house. After a brief struggle, Plaintiff was subdued and the officers called for a supervisor. The responding supervisor was Sgt. Gross. Plaintiff denies that he struck Officer Stephens or that he assaulted his wife. He claims that the police were summoned to the home by his daughter, who was speaking on the telephone with Plaintiff's wife when the line went dead. The daughter is claimed to have erroneously believed that a physical altercation was occurring with Plaintiff and his wife because they were arguing when the telephone call abruptly ended. Because Plaintiff's wife denied that she had been assaulted by Plaintiff, the criminal charges against him were dismissed. Plaintiff then filed two Complaints alleging that he had been the victim of a police assault.

The first Complaint was filed in the U.S. District court where Plaintiff claimed federal and state constitutional violations, unreasonable seizure, unlawful restraint, malicious prosecution/abuse of process, assault-excessive force, battery-excessive force, intentional infliction of emotional distress, reckless infliction of emotional distress and conspiracy. That matter was tried before a jury. The jury ruled that Plaintiff had no cause of action on any claim and Plaintiff's federal lawsuit was dismissed.

While the federal case was pending,

Plaintiff filed a second Complaint in state court, alleging gross negligence, excessive force in violation of the Michigan Constitution, failure to protect, false arrest and imprisonment and malicious prosecution.

On August 12, 2010, a Wayne County Circuit Court jury returned a verdict in Defendants' favor. Plaintiff was represented by Attorney Arnold Reed, \$1.6 million dollars in his closing argument. After a fifteen minute deliberation, the jury came back with a verdict of "no cause of action" for all defendants, which means that the City and officers won on all counts and the case is now closed.

This case was tried by Marion Jenkins, who also tried the federal case, and Francesdane Embry-Barnes of the Law Department's Litigation Section.

I thank you for your attention to this matter. If you have any questions regarding this matter, please let us know.

**City of Detroit  
Brownfield Redevelopment Authority**

September 2, 2010

Honorable City Council:  
Re: Amended Auburn Brownfield Redevelopment.

The enclosed Brownfield Plan for the Amended Auburn Redevelopment Project (the "Plan") (Exhibit A), submitted by the Detroit Brownfield Redevelopment Authority Board (the "DBRA") to the Community Advisory Committee (the "CAC"), has been considered and reviewed by the CAC and a public hearing was held by the DBRA on August 19, 2010 to solicit public comments. At its August 11, 2010 meeting, the CAC considered and approved a resolution recommending approval of the Plan by the DBRA and City Council in the form presented by the DBRA.

On August 25, 2010, the DBRA adopted a resolution (Exhibit B) approving the Plan and authorizing the submission of a certified copy of its resolution and the Plan to the City Clerk, together with a request that the Detroit City Council call a public hearing concerning the Plan and to

take all other actions to approve the Plan in accordance with Act 381.

The Plan is now presented to the City Council for approval. The Detroit City Council will, after publication of the notices required by law, hold a public hearing on the Plan. After the public hearing, the City Council shall determine whether the Plan constitutes a public purpose and, if so, may approve or reject the Plan or approve it with modifications.

#### Project Introduction

The Auburn REO, LLC is the project developer ("Developer"). The project calls for the demolition of the existing, obsolete structure and development of 58 moderately-priced rental apartments, with on-site parking and approximately 9,100 square feet of ground floor retail. The plan is in keeping with fabric of the Midtown neighborhood as it is high-density, mixed-use, and provides the zero-lot-line orientation with both the Cass Avenue and Canfield Street frontages.

The two parcels included in this Plan were originally included in a brownfield plan that was approved by the DBRA in October, 2006 and the Detroit City Council in November, 2006 that would have redeveloped the one-story masonry structure on 4240 Cass into a small commercial site with an eligible investment amount of \$1,000,000. The developer for the original plan no longer owns the property at 4240 Cass and 4216 Cass. Auburn REO, LLC, the current owner of the site intends to develop the mix-use site identified above with an eligible investment amount of \$8,600,000.

On June 23, 2010, the Developer received an invitation letter from the MEDC for a 20% Michigan Business Tax (the "MBT") credit of \$1,058,779 on an eligible investment of \$5,293,896. Subsequent to receipt of that letter, the development expanded to an eligible investment amount of \$8,586,696. The MEDC is in the process of amending the invitation letter for a 20% MBT credit of \$1,717,339 for the Amended Auburn Plan. E-mail communication from MEDC to that effect and the MEDC invitation letter are attached in Attachment D.

#### Property Subject to the Plan

The property comprising the eligible property consists of two parcels at 4240 Cass and 4216 Cass. 4216 Cass is a vacant lot. The property is located in Detroit's Midtown neighborhood, bounded by Canfield Street to the north, an alley to the east, property line to the south and Cass Avenue to the west.

#### Basis of Eligibility

The Property is considered "eligible property" as defined by Act 381, Section 2 because (a) the Property was previously utilized for a commercial purpose; (b) it is located within the City of Detroit, a qualified local governmental unit under Act

381; and (c) the Property is determined to be functionally obsolete or adjacent and contiguous to a functionally obsolete parcel as defined by Act 381.

#### Eligible Activities and Projected Costs

The "eligible activities" that are intended to be carried out at the Property are considered "eligible activities" as defined by Sec 2 of Act 381, because they include demolition. The eligible activities and budgeted costs are intended as part of the development of the Property and will be financed solely by the Developer. The Authority is not responsible for any costs of eligible activities and will incur no debt. It is currently anticipated that construction will begin in the January, 2011 and eligible activities will be completed within one (1) year.

#### Tax Increment Financing (TIF) Capture

The Plan will not capture tax increment revenues for financing costs of eligible activities under this Plan. Tax increment financing of the costs of eligible activities under this Plan will not take place and this Plan shall not have a negative impact upon the tax revenues of any taxing jurisdiction in which the eligible property is located.

#### Other Development Incentives

The property included in this Plan is seeking additional project support through a Commercial Rehabilitation Act abatement.

#### Comments Received

The CAC's communication to the City Council and the DBRA, dated August 11, 2010 (Exhibit C), recommending approval of the Plan including the minutes of the public hearing held by the DBRA on August 19, 2010 are enclosed for the City Council's consideration.

#### Authority's Request

The Authority is respectfully requesting the following actions from the City Council:

Project Introduction

Historic Book House, LLC is the project developer ("Developer"). The orchestra will provide public concerts for the community thus allowing public access to the House. The Developer, by its commitment to the City of Detroit and Arts Poetica Chamber Orchestra, will extend its collaboration with universities, schools, and medical facilities to benefit the people of Detroit.

The Developer will restore the Book House to its former glory, thus preserving a Detroit treasure, built by one of Detroit's most famous architects, Louis Kamper, for

J.B. Book, Jr. in 1911. The Developer plans to open the Book House doors to the community when it reaches its one hundredth year in 2011.

Honorable City Council:

Re: Public Hearing on the Establishment of the Gardenview Estates Neighborhood Enterprise Zone as Requested by the Gardenview Development Company, LLC in Accordance with Public Act 147 of 1992.

The Planning & Development Department and the Finance Department have reviewed the Master Plan and the neigh-

borhood preservation and development goals of the City, and find that the establishment of the Gardenview Estates Neighborhood Enterprise Zone would be consistent with the neighborhood preservation and development goals and with the Master Plan.

Public Act 147 of 1992, commonly referred to as the Neighborhood Enterprise Zone (NEZ) Act, in Section 3(1) states "the governing body of a local governmental unit by resolution may designate one (1) or more neighborhood enterprise zones." Prior to acting upon the resolution establishing an NEZ, a public hearing must be held, and the City Clerk must provide written notice of the public hearing to the assessor and to the governing body of

each taxing unit that levies an *ad valorem* tax within the proposed NEZ, said notice to be made not less than 45 days prior to your Honorable Body's passage of a resolution designating an NEZ.

The boundaries of the proposed NEZ are described in Exhibit A (legal description) and illustrated in the map also attached. The developer proposes to construct 231 residential units at an estimated cost of \$5 million.

We request that a Public Hearing be scheduled on the issue of establishing this NEZ, as required by the NEZ Act. Attached for your consideration please find a resolution establishing a date and time for the public hearing, together with the aforesaid map and legal description of the proposed NEZ.

Respectfully submitted,  
WARREN P. PALMER  
Director

Now Therefore Be It

Resolved, That on the \_\_\_\_\_, 2010 @ \_\_\_\_\_ in the City Council Committee Room, 13th floor, Coleman A. Honorable City Council:

Re: Proposed Ordinance to Adopt the Second Modified Development Plan for the Wholesale Distribution Center Rehabilitation Project Number 3.

Pursuant to the state statute and applicable provisions of the 1984 Detroit City Charter, the above-referenced ordinance is submitted to your Honorable Body for consideration together with the attached draft resolution scheduling a public hearing on the Second Modified Development Plan for the Wholesale

Distribution Center Rehabilitation Project Number 3 Area. The current Wholesale Distribution Center Rehabilitation Project Number 3 First Modified Development Plan was adopted by Ordinance No. 32-95 on October 25, 1995. We are requesting the adoption of the Second Modified Development Plan to accommodate modifications on the west side of St. Aubin Avenue between Hale and Erskine Streets that include the vacation of some streets and alleys along with changes in land use and zoning. The aforementioned changes would permit the expansion of the existing Detroit Edison Public School Academy (DEPSA) campus and accommodate the construction of a new high school.

We, therefore, respectfully request that your Honorable Body adopt the attached resolution authorizing the advertising of

and the holding of a public hearing concerning this proposed ordinance, as required by statute, no less than thirty (30) days hence. We also request that hearings for all four matters related to the proposed DEPSA high school (urban renewal development plan change, Master Plan amendment, rezoning, and land sale) be held on the same day.

Respectfully submitted,  
MARJA M. WINTERS  
Deputy Director

**NEW BUSINESS**

**City Planning Commission**

August 30, 2010

Honorable City Council:

**Re: Request of the Planning and Development Department to show an SD2 (Special Development**

**District, Commercial/Residential zoning classification) where an M3 (General Industrial District) zoning classification is currently shown on property generally bounded by the Dequindre railroad "cut," Wilkins Street, Saint Aubin Street, Scott Street, the alley west of Saint Aubin Street, and Erskine Street (extended).**

**NATURE OF REQUEST**

The Planning and Development Department has requested to show a SD2 (Special Development District, Commercial/Residential District zoning classification) where an M3 (General Industrial District) zoning classification is currently shown on property generally bounded by the Dequindre railroad "cut," Wilkins Street, Saint Aubin Street, Scott Street, the alley west of Saint Aubin Street, and Erskine Street (extended). The northern portion is vacant and the southern portion of it contains the Detroit Edison Public School Academy (Elementary and Middle Schools), and abandoned silos along the Dequindre "cut".

The proposed map amendment is being requested to facilitate the construction of a senior high school for the Detroit Edison Public School Academy.

**SURROUNDING LAND USES AND ZONING**

- To the north: Commercial use, M3
- To the south: Warehousing and food processing, M3
- To the east: Vacant land and scattered residential, R2 (Two Family Residential)
- To the west: Warehousing and food processing, M3

**MASTER PLAN AND URBAN RENEWAL PLAN DESIGNATIONS**

The current Master Plan "future general land use" designation for this area is IDP (Distribution/Port Industrial). Parallel with this request, the Wholesale Distribution Center Rehabilitation Project No. 3 urban renewal plan and Master Plan amendments are being considered to accommodate the proposed institutional use. Additionally, the Wholesale Distribution Center Citizens' District Council (CDC) voted at its August 18, 2010 meeting to support the rezoning, with the condition that the parcel known as 3526 Dequindre, the large irregularly-shaped parcel immediately north of the school that runs along the Dequindre rail "cut," not be rezoned.

**PUBLIC HEARING RESULTS**

At the August 19, 2010, no members of the public spoke. Per the above action of the CDC, the request to rezone 3526 Dequindre was tabled.

**ANALYSIS**

The proposed change in zoning from an industrial district containing the existing school and now-vacant land to allow the construction of a new school is consistent with the proposed Master Plan and

proposed Wholesale Distribution Center Rehabilitation Project No. 3 urban renewal plan changes for the area. The SD2 zoning district is appropriate, as it allows a mix of uses but restricts some of the potentially more abrasive commercial uses, such as pre-release adjustment centers, go-kart tracks or automotive body shops, that are conditionally allowed in the more intense commercial zoning districts, such as B4 (General Business District) or B6 (General Services District). SD2 allows residential uses, mixed residential-commercial, and commercial uses such as offices hotel, or retail (in a mixed-use building).

The vacant portion of the site has been vacant for some time, and it seems that the expansion of the educational use will not negatively impact the wholesale character of the overall Eastern Market. A sale of 51 City-owned parcels within the proposed boundaries is also being requested for your consideration.

#### **RECOMMENDATION**

At the August 19, 2010 meeting, the City Planning Commission (CPC) took action to recommend that the requested zoning map change be approved, with the removal of 3526 Dequindre. This rezoning appears to meet the approval criteria for rezonings specified in Sec. 61-3-80. It is anticipated that the CPC will be able to act on the rezoning of the remaining parcel in the near future, as DEPSA now has a memorandum of understanding with the owner of that property that was not in place when the matter was before the CDC. The ordinance is currently being approved as-to-form by the Law Department and should be brought to City Council in the near future so that it may be introduced and a hearing set.

**RESOLUTION BY  
DETROIT CITY COUNCIL OPPOSING  
THE RECOMMENDATIONS BY THE  
DETROIT CABLE COMMUNICATIONS  
COMMISSION**

By Council Member Jenkins Joined By All Council Members:

Whereas, The citizens of the City of Detroit deserve to have access to daily City Council sessions, Task Force meetings, Town Hall meetings and special programming; and

Whereas, The Detroit City Council and many Detroiters have expressed their displeasure and opposition to the Detroit Cable Communications Commission's (DCCC) recommendations to changing the programming of the government access channel and the limitations imposed on broadcasting Council sessions; and

Whereas, Council members have received countless calls, e-mails and letters from concerned Detroit residents regarding the Detroit City Council sessions that have not been on the air since June 2010. The recommendations proposed by the DCCC's Executive Director, Carolyn Ghant, and approved by the commission limits City Council programming to only two days a week, Tuesday and Thursday. If residents want to see daily Council sessions their only option will be to subscribe to "On Demand" programming at an additional cost; and

Whereas, According to Ms. Carolyn Ghant the recommendations by the DCCC are based on a survey she conducted that indicates it is a "best practice" to only have the City Council on the air two days a week. The Council Research and Analysis Division (RAD) has found no basis for a "best practice" label to be placed on the two day Council format. In addition, the survey included cities that are not comparable to the City of Detroit because most of the cities listed have City Council positions that are part-time and/or the cities are much smaller than the City of Detroit. The DCCC stated that limiting City Council programming to only two days a week, Tuesday and Thursday is being offered as part of a rebranding of the government access channel. It is the Council's position that the channel can be rebranded without the proposed changes to City Council programming; and

Whereas, The measure to reduce City Council programming passed during a "special meeting" held by the DCCC. However, based on the opinion of the RAD the meeting did not appear to have been properly noticed, therefore any actions by the Board conducted during the meeting may be void; Now, Therefore Be It

Resolved, That the Detroit City Council vehemently opposes limiting City Council programming to only two days a week; and Be It Further

Resolved, That the Detroit City Council directs RAD to draft an ordinance to repeal the current Cable Communications Commission Ordinance and to draft a new Cable Communications Commission Ordinance that places the control of the DCCC under the Detroit City Council.

Yeas — Council Members Brown, Cockrel, Jr., Jenkins, Jones, Spivey, Tate, Watson, and President Pugh — 8.

#### **PUBLIC COMMENT**

**MONICA PATRICK** — requested that City Council hold its own hearings relative to land reform and also revisit the idea of adopting the Marshal Plan, which is something that Council supports.

**FRANCES CHANEY** — addressed City Council concerning the September 10th deadline imposed by the Buildings and Safety Engineering Department for obtaining lead clearances in residential properties. She is seeking exemption from the process.

**CHARLES BOYD** — addressed City Council concerning the Mayor's forum on land reform. He complained that the forum seems to focus on everything but land reform (i.e. complaints on light out-

ages, police protection, EMS and Fire issues). Mr. Boyd is discouraged by the lack of detailed information being provided by the Mayor.

**GREY MURRAY, Vice President of Senior Accountants, Analysts and Appraisers Association** — addressed City Council with concerns over Council's passing of resolutions totaling more than \$26 million for I.T. contracts to provide programming and analysis services. He asked that City Council not participate in the violation of a Collective Bargaining Agreement, which governs such contracts.

**DIANNE HILL, Mobilizing African American Families** — informed City Council of a Teen Conference being held at the Charles H. Wright October 8-9, 2010. There will be all-day workshops on Saturday from 9:00 a.m. to 3:00 p.m. geared at helping our young people in the City of Detroit with making good decisions. They will be discussing entrepreneurship, leadership, etc. The Police Department will also be holding a workshop on teen safety.

**DEMPSEY ADDISON, President of APTÉ** — initially wanted to address City concerning the contractors at ITS, but felt that Mr. Murray had eloquently presented their case. She feels that retention of homeownership is tied into the ability to maintain property gas, lights, water bills and garbage collection. Ms. Addison complains that although the city has received ARRA dollars from the federal government, the Mayor has refused to hire enough people to provide the services. People are coming to Planning and Development and the Department of Human Services seeking assistance to pay these bills and are being turned away.

**REVEREND BARBARA BROWN** — addressed City Council relative to the Harvest Detroit Rainbow Ministry's petition requesting permission to hold a 24-hour prayer session in the City on September 25, 2010. They are awaiting City Council's approval in this matter. (NOTE: The subject petition appears as line item #4 on the New Business Agenda. President Pugh assured her that the petition would be approved today.)

**JOHN RIEHL** — addressed City Council concerning the Infrastructure Management Group contract on the agenda. He feels that it is time Detroit stands up to Judge Ficans and his expenditures of so much of the public's money. Mr. Riehl distributed a chart showing Water Department contractors making more

than the President of the United States (\$273 hour). It indicates that the lowest level staff contractors make \$168 an hour, while city workers are being laid off. In addition, he asked that the City Council schedule a public hearing to discuss the ramifications of what it means to have some bargaining unions with one set of contract conditions and other city unions having another set.

**CATHERINE PHILLIPS, AFSCME** — addressed City Council concerning the following three issues: Senior Water Meter Readers in DWSD being laid off when the department is budgeted for all 20 plus of them. Their last day of work is this Friday, September 24th; there is a matter of nine AFSCME contracts coming before the Internal Operations Committee tomorrow that have never been bargained. The administration intends to impose wage and benefit concessions on these nine bargaining units when they have not received one proposal from the administration on any of them; and the Master Agreement. (3) Where the Board determines that issuance of a notice of charges is warranted, the public servant who is the subject of an investigation initiated by the Board shall be sent, via certified and first class mail, a notice of charges and be given the opportunity to submit a written response to the notice charges prior to the Board deciding whether to hold a hearing;

We have reviewed the above-captioned lawsuit, the facts and particulars of which are set forth in a confidential memorandum that is being separately hand-delivered to each member of your Honorable Body. We, therefore, request authorization to settle this matter in the amount of Twenty-Five Thousand Dollars and No Cents (\$25,000.00) and that your Honorable Body direct the Finance Director to issue a draft in that amount payable to Law Center of Nathan S. Re: Request to approve Neighborhood Enterprise Zone Certificate Applications for 116 Units within the Morgan Waterfront Estates Neighborhood Enterprise Zone (STATUS REPORT).

On September 16, 2010, the Planning and Economic Development Committee voted to send the above-mentioned request to the Formal Session of September 21, 2010 for approval. During discussion on this matter, it was brought to the Committee's attention that in May and June of 2007 City Council approved applications for Neighborhood Enterprise Zone (NEZ) certificates for the same 116 units.

The City Planning Commission (CPC) staff contacted the State Tax Commission to get clarification on the status of the 116 applications. According to the State, the 116 applications for the same units approved in 2007 have been dismissed for lack of progress; or more specifically, lack of buyers. At such time that there are qualified buyers for any of the units, the certificate for those units will be reinstated and the buyer will be eligible for the tax relief. There is no mechanism that we are aware of providing tax relief for the developer. Therefore, it is not necessary that City Council take action on the above-mentioned request.

**COUNCIL MEMBER KENNETH V.**

**COCKREL, JR.** reported that members of his staff have informed him that every copier on the 13th floor is down, in addition to the Research and Analysis Division copier. Members from his staff have gone to Kinkos and Fedex to get copying jobs done. In his opinion, this is a serious problem in terms of operations and getting things done. **COUNCIL MEMBER BRENDA JONES**

asked that the Council Members pay close attention to the hand-delivered memo received from the Board of Police Commissioners regarding the Centralized Towing Management and Logistics Service contract. Member Jones urged Council Members to submit nominations for all boards and commissions.

Later, Member Jones requested that the Administration include representatives from the Area of Aging and AARP to the Land Usage Committee if they haven't already. She feels that the process is deeply going to affect seniors, so it is imperative that they be included.

Registration begins at 8:30 a.m. and the walk begins at 10:00 a.m. He advised that nearly half of Michigan's reported cases HIV AIDS lives in the City of Detroit, and that half of all new cases affect people 25 to 54 years old.

**COUNCIL MEMBER JOANN WATSON**

thanked Council President Pugh for being the first one to submit \$50 to support the pony rides for upcoming Harvest Fest. The event is co-sponsored by the Detroit City Council and Wayne County. In addition, D-Town Farms, the Detroit Black Community Food Security Network is hosting a Harvest Festival on September 25th from 12:00 noon to 6:00 p.m. The farm is located in Rouge Park on Detroit's west side.

Member Watson asked that the Research and Analysis Division and the Law Department investigate

whether or not the city has a cost recovery ordinance. She was asked by a reporter whether or not the city had done what several other municipalities have done with respect to DTE, sought a recovery when DTE downed wires had caused harm to city, residential or business structures. Later, Member Watson noted that there was no Detroit representation on stage at the Tri-County Summit. In years past, there were always representatives from Wayne County, Oakland County, Macomb County and Detroit making presentations. Commissioner given responsibility of next year's summit, so that the city is involved in every aspect of the presentation.

In addition, President Pugh formally requested that the Research and Analysis Division inform the City Council of its options as a legislative body to arrive at some sensible hiring practices within the I.T.S. department, in terms of City Council continuing to approve millions of dollars in contracts. He wondered whether they should simply continue to vote no on the contracts or what they should do during the budget process with I.T.S. President Pugh wanted to know what Council could do in terms of either a resolution and/or ordinance relative to the hiring practices. He requested that RAD provide legal direction on what their options are.

Lastly, President Pugh reported passing out a memo written by his policy director concerning the issue of Detroit's elevation to Tier I status from Tier II status for Homeland Security. The memo talks about how much more federal assistance Detroit would qualify

Honorable City Council:

Re: Proposed *Resolution By Detroit City Council Opposing the Recommendations By the Detroit Cable Communications Commission.*

The City Clerk has forwarded to me for my approval or veto proposed *Resolution By Detroit City Council Opposing the Recommendations By the Detroit Cable Communications Commission*, which: 1) opposes limiting City Council programming to only two days a week; and 2) directs Council Research and Analysis Division to repeal the current Cable Communications Commission Ordinance and to draft a new Cable Communications Commission Ordinance to place the control of the Commission under the Detroit City Council. For the reasons stated below, I hereby veto this proposed resolution in accordance with Section 4-119 of the 1997 Detroit City Charter.

The intent of the proposed resolution is to replace lawfully-appointed Commissioners with a "newly constituted" Commission. Further, the proposed resolution directs the Council Research and Analysis Division to prepare a proposed ordinance which would remove the Cable Commission from the Executive Branch of City government, place the Commission under Legislative Branch direction and control, and give the City Council a direct role in the programming decisions of the Commission. If permitted to stand, the proposed resolution would tacitly approve of Legislative Branch control of a long-established Executive Branch function in violation of the separation of powers principles embodied for over thirty-five years in violation of the 1974 and 1997 Detroit City Charters. This authority includes programming control of the Cable System Franchisee, and the City's Government Access Channel, as outlined in the *Government Access Policies & Procedures* adopted by the Commission after consultation with City Council staff. As discussed below, there is no authority for legislative assumption of the exclusive authority given to the Executive Branch by Section 5-102 of the 1997 Detroit City Charter for the "implementation of the programs, services and activities of city government."

The Detroit Cable Communications Commission was created in 1981 as an Executive Branch agency charged with carrying out a "program, service and activity" of the Executive Branch of City government within the context of Section 5-102 of 1974 Detroit City Charter, which was carried over in the 1997 Detroit City Charter. In accordance with Section 5-102, the Commission was created in the Executive Branch, and under Section 7-102 of the 1997 Detroit City Charter, is found Section 380 of the Executive Organization Plan. As such, the Commission performs Executive Branch functions, that is, the Body carries out "programs, services, and activities of City government." There is no federal, state, or Charter authority which supports remov-

ing the Commission from the control of the Executive Branch where the Body was created and, by law, must remain.

The Commentary to Section 5-102 points out with special relevance to the situation presented here:

[Section 5-102] defines the basic role of the branch of City government which has been put under the charge of the Mayor, namely, to enforce and administer laws and ordinances. It forbids the creation of agencies outside of the Mayor's control, to discharge executive or administrative functions. 1974 Detroit City Charter Commentary, p 13) (Emphasis added).

The Cable Commission carries out executive and administrative functions and cannot be placed, through ordinance, outside the control of the Executive Branch and within the control of the Legislative Branch.

The Commission carries out Executive Branch functions such as: 1) issuance of requests for proposals; 2) day-to-day monitoring of the cable television franchise as to rates; and 3) compliance with the various provisions of the applicable ordinances and the Franchise Agreement. These are not functions that can be performed by the Legislative Branch in view of the allocation of powers under the 1997 Detroit City Charter.

The franchise agreement, as a contract, while arguably subject to the approval of City Council as a revenue contract, is negotiated solely by the Executive Branch as part of its exclusive "executive and administrative authority for the implementation of programs, services and activities of city government." The 1997 Detroit City Charter does not authorize the City Council to propose a franchise. The City Council's legislative role is limited to approval or rejection of the proposed franchise.

The role of the City Council is "to approve" specified City contracts. The City Council, as the City's legislative body, is not an appropriate party under the 1997 Detroit City Charter to participate in the negotiation of an Executive Branch contract, namely, the Cable Franchise Agreement. The revocable, non-exclusive Cable Television Franchise currently held by Comcast Cablevision was granted by an ordinance. While the ordinance and the contract, that is, the franchise agreement, are connected in the ordinance, the Franchise Agreement is indistinguishable from all other contracts entered into by the Executive Branch of City government which are approved by your Honorable Body.

Both the 1974 and 1997 Detroit City Charters clearly envision a "strong mayor" form of government. The role of your Honorable Body is to legislate and to monitor the performance of the Executive Branch in carrying out its Charter mandate and its "executive and administrative

authority for the implementation of programs, services and activities of city government, which "is vested exclusively in the executive branch."

The 1997 Detroit City Charter contains an explicit separation of powers provision at Section 4-113:

**Prohibition on Interference in Administration**

Except for purposes of inquiries and investigations, the city council or its members shall deal with city officers and employees who are subject to the direction and supervision of the mayor solely through the mayor, and neither the city council nor its members shall give orders to any such officer or employee, either publicly or privately.

The commentary to Section 4-112 of the 1974 Charter offers the following explanation of its meaning:

This section is a revision of section 16 of title 3, chapter 1 of the present charter, making no substantial change. It states what is inherent in the separation of powers principle. It affirms the right of the council, or one of its committees, to conduct a formal inquiry or investigation into the conduct of a city agency and to state its findings, conclusions and recommendations. At the same time, council members have no right and should not attempt to direct persons subject to the supervisory control of the mayor.

As a creation of the Detroit City Charter, City Council is limited to those powers delineated and established by that document as adopted by the voters. "The common council of the City of Detroit, [and likewise the mayor] must act strictly within the powers granted to it in the charter." The mission of the City Council "is to promote the economic, cultural, and physical welfare of Detroit's citizens through Charter-mandated legislative functions." The legislative function involves the creation of 'general rules' which usually affect the entire population or a 'general class' of the population, operates prospectively in time and action and is intended to create a primary right.

Neither Michigan law and nor the 1997 Detroit City Charter which assigns responsibility for negotiating contracts, or selecting vendors for the Executive Branch agencies to the City Council. The City Council's authority is limited to approval of those contracts specified in Section 4-122 of the 1997 Detroit City Charter which are submitted to the Body by the Executive Branch. A newly-constituted Commission would insert the Legislative Branch into an executive function, namely, the negotiation of contracts. The fact that the contract is the cable television franchise agreement does not confer on the City Council an authority which is clearly lacking in the 1997 Detroit City Charter.

Non-legislative functions, including the negotiation of City contracts, are the exclusive province of the Executive Branch of City government. The Detroit Cable Communications Commission is the Executive Branch agency that is specifically charged with all responsibilities relating to cable television and the management of the public access channels, including the government channel, and is the agency specifically authorized by the FCC to regulate basic cable television rates.

Moreover, any proposed ordinance which purports to give the City Council a censor's role in determining what programming will be shown on the government, educational, and public access channels would clearly interfere in the operations of an Executive Branch agency in violation of the Charter and the separation of powers principle contained therein. This intent of the proposed resolution appears to be an example of City Council seeking to create a power which is not otherwise granted by legal authority.

Lastly, the City Council cannot lawfully replace the current legally-constituted Detroit Cable Communications Commission with a new Commission. The current Commissioners may be removed only by the Mayor, who is the appointing authority.

At issue, here, is the integrity of the 1997 Detroit City Charter and the possibility that either this Council or a future Council may use its misapplication and misinterpretation of Section 5-102 to illegally realign the charter-responsibilities of the Executive and Legislative Branches of City government. For the reasons provided in this statement, I must veto this proposed resolution with a view that Council will sustain the veto and, thereafter, work with my Administration to resolve the Body's concerns without jeopardizing either the litigation position of the City or the City coffers.

Respectfully submitted,  
DAVE BING  
Mayor

#### PUBLIC COMMENTS

**VICKI ROSS** requested that Council remove her property at 19395 Goulburn from the demolition list. She presented the deed and pictures showing the house boarded and secured.

**SANDY and LARRY SIMON (Pizza's Subs)** spoke regarding a certified letter they received from Centerplate terminating their contract and that they have to be out of Cobo in two weeks. October 15, 2010, is the day we must have all of our equipment out of Cobo Hall.

**PUGH:** If I have to call the CEO of that company personally, you are not going to be leaving Cobo.

**MICHAEL MULHOLLAND (Secretary Treasurer of AFSCME Local 207 representing the Water Board workers)** spoke on the contract that is about to be imposed on AFSCME. Their local has seen it for some time as an extension and an intensification of the second-class treatment of this City.

**ANDRE' L. BATIE** agrees with Michael Hulholland and states that the longevity is all that they have. He asks Council not to approve the contract with the longevity removed. Waste Water is under staff and a furlough will bring more violations.

**J. RAZOR-BEY** expressed a concern regarding of the application for felony and of the thousands of prisoners that will migrate into society not to forget the seriousness to afford them the proper opportunity to say out and not become a hindrance to society. It is important to keep the promises made in taking felony off the application.

**KELSEY ELLIS (Detroit Action Commonwealth/Chairperson for Ban-the-box coalition)** applauds the effort and work put forth to pass this ordinance and expressed the importance of the ordinance to those leaving prison and to those who have not been to prison. There are many people like him with a felony but never went to prison yet still face the same challenges as a person re-entering into society.

**AL WILLIAMS (Lead Organizer for Ban-the-Box)** spoke in support. He states that the City of Detroit needs to be the benchmark when it comes to rehabilitating and to make sure that there is support for those who are trying to improve and become productive citizens. It is time for Detroit to think beyond the "box" and outside the "box" and band the "box."

**THOMAS B. JOHNSON II (President of AFSCME — Local 2920):** Mr. Johnson expressed concern regarding the layoff of Senior Water Meter Readers in the Water Department. He stated that they are talking about putting the burden on the fuel service representatives who do the shut-offs and turn-on of water. Due to the Meter Readers taking the lay-offs, they have to reduce to previous held titles. This layoff has some staff going from a salary of \$18 to \$13 and if you add that with the furlough day, it will put these people into poverty. It is very asinine for these people to be strug-

gling to service the community and the City say, "We do not need you, we need furlough days, we need the money" and cannot justify where it is going. This is a shame. He asks that Council would please think about this and reverse that action. This is beyond a 10% hit; it is about a 50% hit.

**MR. JERRY GOLDBERG (Attorney that devotes a great deal to fighting foreclosures and organizing a moratorium to stop foreclosures)** provided information regarding a press conference held where President Bob King of the UAW announced that the Union is going to be withdrawing up to three hundred million dollars (\$300,000,000) in funds from Chase. They are calling all unions, community organizations to join that effort to point out that they have to support the fight and put pressure on this bank. He understands that Council Member Watson is putting in a resolution asking the City of Detroit withdraw it funds from Chase in solitary with this boycott effort. Chase makes money from the unemployed and they are the ones who have the bridge cards. He is asking the City of Detroit to join this boycott and join this effort.

**DEANGELO MALCOLM (Staff Representative for Michigan AFSCME — Council 25)** stated that the union stands in opposition of any imposition of any of the seven groups they scheduled to impose on the workers of AFSCME Council 25. They hope everyone around the table take due diligence or have taken due diligence of looking at the totality of what is going on in those packages and specifically the legalities.

**CATHERINE PHILLIPS** spoke on behalf of Michigan AFSCME Council 25, President Albert Garrett and the 3200 members they represent in this city. AFSCME Council 25 is adamantly against imposition of all seven contracts that are before City Council today.

**ERNEST JOHNSON** expressed thanks to City Council, Eastern Market and Wayne County for helping to organize the Harvest Fest which is scheduled for Saturday from 11:00 a.m. to 2:00 p.m. He states that he is trying to get a tent and a stage from the City. Last year the Mayor's Office and City Council had the event on the same date and they were able to use the stage but this year it will cost them \$1500 to obtain the stage at Eastern Market. He would like the Mayor's Office to be part of the Harvest Fest and provide them with use of the stage.

**FARRAND PAGE** stated that he built the only black marina in the City of Detroit located at 467 Harding Avenue and for a long time, businesses near the Sinbad's area have been trying to remove his entity. He referenced petition No. 522 that reads, "My request to petition Detroit City Council regarding perjury letters sent to Councilman Kenyatta from Mr. Raymon Guillebeaux of Detroit Economic Growth dated May 12, 2010." He learned that his Petition No. 522 before Council this morning had nothing to do with his petition. He is protesting Petition No. 522.

**HENRY WATSON Trustee (Second Baptist Church — Detroit)** expressed concern regarding the sidewalks installed in the streetscape for Greektown. Previous a sidewalk came up to the seal of main front door of the church and went to the curb. Since they put in another sidewalk, it is lower than the other sidewalk causing them to be unable to lower the caskets evenly when they have funerals due to a step being there. They are an elderly church, many of our members are in wheelchairs, and on walkers; therefore, they have to negotiate that step. They are requesting Council's help in getting this matter resolved. They have been going back and forth with the contractors for the past two months with no avail. They are suggesting a sidewalk that comes out and slopes down so that you will not have an uneven slope on the sidewalk.

**ROBERT G. BROWN (Trustee at Second Baptist Church — Detroit)** expressed a concern regarding inconsideration of the contractors. On Thursday, the church told the contractors that they were having a funeral on Saturday. Mr. Brown presented pictures showing sand piled in front of the church front doors, which prevented them from parking the hearse in front of the church. They called Saturday morning to alert the contractors but they did not respond. The church has had on going meetings for the last two months and the contractors do not cooperate with them. The contractors are a HNTB Company out of Allen Park.

**JOHN CROMER, (Detroit Impacts Mentoring)** spoke in support of Ban-the-Box and expressed concern in telling contractors that if they are going to take our money and do business in our City, we expect to walk into their business and see people with three legs; if not, get out of our City. He expressed thanks to companies like Barton Malow and some other companies that have put approximately 15,000 people to work and many were

ex-offenders. The Mayor in Boston said, "We expect these company to hire people with criminal records; if we want to preach this message then we need to start practicing what we preach."

**MOTHER RUEDELL D. HOLMES** made a request (on behalf of an older man who was unable to be present) to City Council to do something about a tree in front of the property at 6030 15th Street. The resident has been trying for two years to get the tree down because the tree is dead and he is worried that the tree might fall on his home. He said that the city promised to take the tree down two years ago but they did not. His name is Cockret and he lives at 6030 15th Street.

Mother Holmes then prayed asking the Dear Lord to look on the City of Detroit once more and to look on this Council in the name of the Father, Son and Holy Ghost. Amen.

Re: Implementation of Certain Wage and Fringe Benefit Changes for AFSCME, Council 25 Bargaining Units.

As a part of the negotiation process for the 2008-12 collective bargaining agreements, AFSCME Council 25 and the City of Detroit entered into fact finding proceedings pursuant to AFSCME's petition for such proceedings. On June 25, 2010, following 22 days of hearings, the fact finder issued his recommendation. In keeping with the terms of applicable State law and MERC procedures, over the next 60 days the parties continued bargaining and attempted to negotiate an agreement. However, an agreement has not been reached and the parties are at impasse on the many issues that remain unresolved. On September 9, 2010, the City notified AFSCME that it would impose the City's last proposals on the open issues.

In accordance with the City's practice, we are therefore recommending that your Honorable Body approve the reduction in the standard work hours to achieve a ten percent (10%) wage reduction in the form of twenty-six (26) mandatory Budget Required Furlough (BRF) days off without pay, and the implementation of health care benefit changes and other changes, as set forth in the attached Schedule A-11, effective immediately.

We further respectfully request that your Honorable Body adopt the following resolution with a Waiver of Reconsideration.

Respectfully submitted,  
JOSEPH P. MARTINICO  
Labor Relations Division

By Council Member Jones:

Resolved, That eligible employees in the specified bargaining units (Schedule A-12) shall receive wage and fringe benefit changes as recommended in accordance with the attached Schedule A-11 and be it further

**STATEMENT FROM COUNCIL MEMBER KENNETH V. COCKREL, JR. REGARDING THE BING ADMINISTRATION'S IMPLEMENTATION OF WAGE AND BENEFIT CHANGES FOR AFSCME COUNCIL 25 BARGAINING UNITS**

I decided today, after serious and thoughtful consideration, to vote in favor of the Bing Administration's Proposal to implement wage and benefit changes for AFSCME Council 25 bargaining units. This decision was a very difficult one, since I both deeply empathize and understand the sacrifice being required of those who provide service to our residents, business owners, and intergovernmental partners. Nevertheless, the overriding rationale that informed my decision to vote in favor of the Bing Administration's proposal were twofold: (1) the necessity to stabilize the City of Detroit's financial condition and get its chronic, fiscal year budget deficit under control; and (2) the reality that if the City fails in the next few months to do the aforementioned, that an increasing probability of victory for a Republican Governor combined with a State Legislature controlled by that party could result in a decision to appoint an emergency financial manager who would answer to Lansing, not to Detroit voters or residents.

In spite of the progress made by City of Detroit during the past year in improving its financial condition, there are serious financial threats that could easily erode our fiscal condition. First and foremost is that the City of Detroit's present Deficit Elimination Plan contains more than \$85 million in "Operation's Restructuring Revenues" that are presently *forecasted* to be completed during this fiscal year, but not yet real or concrete. Next, City Council Fiscal Analysis Division has identified more than \$60 million in additional fiscal concerns that have not been addressed by the Bing Administration's Budget Deficit Elimination Plan. These include \$31 million in under budgeting of pension costs,

and \$22 million dollars that the State of Michigan claims is owed for overcapturing revenues from the GM Poletown Tax Increment District. Moreover, the City of Detroit will have to pay an additional \$20 million per year in debt service to compensate for the sale of \$250 million of Fiscal Stabilization Bonds. The *media consistently and inaccurately report that this portion of the accumulated budget deficit has been eliminated*, when it has only been transferred from the General Fund to another debt account.

In short, the City of Detroit's financial condition is still tenuous. While I disagree with some of the benefit cuts demanded of AFSCME, it should be recognized that as Interim Mayor of the City of Detroit, I asked AFSCME to accept the same 10% reduction in salary and wages that is at the core of the Bing Administration's proposal. AFSCME's leadership rejected the Cockrel Administration's proposal when it did not include the cuts in health and other benefits to its membership, and thus, must hold itself accountable for placing both its member's jobs and the financial health of the City of Detroit in jeopardy. My rationale for requesting these sacrifices remains the same, that Detroit must be governed by Detroit elected officials who are accountable to Detroit residents and voters.

**STATEMENT BY COUNCIL MEMBER SAUNTEEL JENKINS REGARDING THE AUTHORIZATION AND IMPLEMENTATION OF CERTAIN WAGE AND FRINGE BENEFIT CHANGES FOR AFSCME, COUNCIL 25 BARGAINING UNITS**

The legislative decision presented before this City Council of whether to approve the Labor Relations Division's resolution was not an easy one to make. Preserving jobs in the City of Detroit, as well as remaining cognizant of the economic sustainability of the City was of primary concern.

In order to achieve the budgeted savings projected in light of the serious fiscal challenges of the City, I strongly believe that making the choice of reducing certain wage and fringe benefits to the American Federation of State, County and Municipal Employees (AFSCME) in order to maintain jobs was of utmost priority. The estimated cost savings to the City from implementation of the changes in certain wage and fringe benefits is approximately \$16 million annually. In order to meet both competing interests, it was imperative to weigh the facts completely and stay committed to the fiduciary duty to make tough but necessary decisions that set effective public policy.

I had the opportunity to spend an insurmountable amount of time discussing details of the contract negotiations as well as researching and evaluating legal opinions and reports.

#### MEMBER REPORTS

**COUNCIL MEMBER JENKINS:** Our monthly Youth Violent Prevention Task Force meeting, which will be this Wednesday, September 29 at 5:30 p.m. at Northwest Activity Center, located at 18100 Meyers.

On the first day of school, there were two children shot leaving Mumford High School. We are going to have a (of what will be many) Youth Town Hall meeting at Mumford High School and Chief Godbee will be there. It will be host by our Youth Violent Prevention Task Force on October 6 at 6:30 p.m. We are inviting everyone to both meeting.

On Thursday, October 7, there will be the Michigan Minority Supplier Development Council job fair from 7:00 a.m. until 4:00 p.m. at Masonic Temple in Cass Corridor.

Spread the Word, we want to be starting something. This is the second year for Detroit's first small group conversation sessions for getting it straight in the Black Community, October 30th and October 31st at Detroit Care School, located at 8100 Davison Avenue.

**COUNCIL MEMBER JONES:** Skill Trades Task Force meeting is today from 4:00 p.m. to 6:00 p.m., Committee of the Whole Room, CAYMC.

There was an article in the Newspaper a week ago regarding an issue with the Water Department. There needs to be an audit on the Water Department because there are serious issues in that Department.

**COUNCIL MEMBER JONES:** In speaking with Member Kenyatta, he mentions that because we lost our Housing Department, we need to review how we can get the Housing Department back and review the status of the Housing Department. We need to get a handle on the consent decrees and when can we adhere to these consent decrees.

Channel 7 News broke a story on the City Airport with tennis courts in one of the hangers. Where is the money going and where did the money come from. We have people doing jobs as Directors and Council does not know

what is going on.

**COUNCIL MEMBER COCKREL, JR.:**

Stated that he saw the article and Council Member Jones is correct. He encouraged Council to go on Detroit News.com website to review the article. He expressed a concern regarding IMG purpose, which is to scrutinize contracts; they did not scrutinize this contract. What are we really paying IMG for and how effective are they when things are slipping through and the Federal is all over the Water Department?

**COUNCIL MEMBER SPIVEY:** Expressed thanks to City Council for their support for Detroit Pal during budget time. He was at their gathering Saturday from 9:00 a.m. to 1:00 p.m. at Historic Detroit Fort Wayne. Detroit Pal had soccer on Saturday in approximately 12 fields consisting of hundreds of children from Southwest side, Eastside and Westside. A special thanks to the CEO of Pal, it staff and the many volunteering for supporting those athletics endeavors as well as education efforts; thanks Detroit Pal.

**COUNCIL MEMBER TATE:** Participated in Detroit Pal. He was a former Bronco. He stated that there were 245 children involved in the program and that there are many ways to give back to our community by simply taking time out with our young people. The Broncos organization has tutoring available for the children but unfortunately, they do not have a high participation; however, he is going to work with them on that.

There is an issue of concern in talking with members from the disable community regarding receiving information from DDOT concerning the RFP for Peer Transit Contractors as well the training manual. The RFP is available and disseminated; why not give it to the community who will be using this service. The training issue is a huge problem. This is something that will assist in developing training program for the drivers. I am asking President Pro Tem. to call a discussion with the Peer Transit Advisory Committee as well as DDOT. We approved another contract for the extension and we do not see the benefits at this point. There should have been a process of the manual whereby the manual was being developed from the time the contract was establish. There are some bullet points but no real firm program.

**COUNCIL MEMBER WATSON:** Stated that a national church group is planning a wonderful convention in Detroit in June, 2012; they voted on Detroit and expected Detroit. When the group came to Detroit they asked me to call the

Metro Detroit Convention and Business Bureau to ask if the Marriott could try to meet the price of the Hyatt because they received a better hotel price from the Hyatt Regency in Dearborn than they received from the Marriott in the Renaissance Center. Whoever we are paying out of our budget for tourism should be responsible for Detroit hotels, Detroit trades, and not just supporting the Metro Convention and Business Bureau. Without Detroit, the whole region and state is not going to be and she is requesting a meeting.

**COUNCIL MEMBER JENKINS:** They will tell you that they represent this whole region; they do not just represent Detroit and in their minds by coming to Dearborn, it will benefit Detroit. I would like to help you identify hotel room.

**COUNCIL MEMBER WATSON:** Spoke at a Kwanzaa commemoration. Kwanzaa is 45 years old and Dr. Maulana Karenga had a wonderful meeting this weekend in which he was acknowledging the 45-year holiday that he started with help from God. Congresswoman Maxine Waters was on the panel and mentioned that Philadelphia, and some other cities are supporting a federal bill for homeowners in distress cities like Detroit to receive \$50,000 loan money if their home is in mortgage trouble. They will not have to pay the money back until their job recovers or economic situation is better. I WOULD LIKE FOR RESEARCH ANALYSIS TO CONTACT OUR LOBBYIST to find out what they are doing to support that bill and what do we need to do to help our people receive \$50,000 to keep their home.

A request from Council Member Watson for her colleagues to consider a resolution she will be writing through her committee urging the City of Detroit to withdraw from Chase Bank for its refusal to declare temporary moratorium on housing foreclosures and she asks her colleagues consideration in urging Governor Jennifer Granholm to use her executive powers to declare a foreclosure moratorium for the State of Michigan.

There is a resolution that will be route through the Planning and Economic Development Committee for consideration calling for a one-year allocation to support bank on Detroit funded by Block Grants and another asking the Mayor to use powers to sue the State of Michigan to restore residency as a Homeland Security issue to help our city.

Centerplate, a company that sent a letter to Simon Pizza telling them that they must to leave Cobo, has headquarters in Connecticut currently but

began in Spartanburg, South Carolina. Their annual report for South Carolina ceased to exist after 2003 and they have headquarters in Connecticut. We found no annual report with the State of Connecticut authenticating Centerplate's existence. This company's zoning existence is in question because they are not currently listed in State of Connecticut. I WOULD LIKE RESEARCH ANALYSIS TO CONTINUE WHERE MY STAFF LEFT OFF ON THIS INVESTIGATION.

**COUNCIL PRESIDENT PUGH:** Announced a meeting tomorrow morning with the Centerplate CEO scheduled for 10:00 a.m.

President Pugh attended the Pal League game and presented a testimony resolution on behalf of this Honorable Body to Mr. Petross known principle at Mumford. We were on the field name after Mr. Petross. It was a beautiful day and a beautiful event in the City of Detroit; one of many around the city and I am sure that not one made the News.

The Evening Community meeting will began at 7:00 p.m. at Saint Raymond Catholic Church on Joann Street (4 blocks west of Schoenherr, 2 blocks south of east Eight Mile).

**TESTIMONIAL RESOLUTIONS AND SPECIAL PRIVILEGE TESTIMONIAL RESOLUTION FOR**

**KAREN LYNNE DUFFIE**

**Celebrating the Release of Her First Book, "Life Interrupted"**

By COUNCIL MEMBER JENKINS:

WHEREAS, Karen Lynne Duffie is a divorced mother of three who lost one of her children, a son (Kourtney), to murder, four years ago, at the age of 22. The death of her son inspired her to journal her feelings, as a way to get over and through the tremendous pain of grief. The journaling was therapeutic for Karen, personally, but she had no idea, at the time, how therapeutic her personal exercise and experience would be for others, until the journal became Karen's first book, "Life Interrupted — In the Aftermath of My Son's Murder", released in February, 2010, through Trafford Publishing; and

WHEREAS, Karen Lynne Duffie has a strong, community-oriented background, as she works from home, with the Michigan Association of Alcoholism and Drug Abuse Counselors, and also volunteers for the Michigan Humane Society. Karen is currently employed, full-time, with The Guidance Center of Southgate, MI, where she has been working with Juvenile Justice Concerns for the past 10 years, and she has affiliations with Parents of Murdered Children — The Compassionate Friends, as well as the United Communities of America and

Triumph Missionary Baptist Church. Becoming a first-time author, and dealing with the controversial, community-oriented issue of "children killing children" in a compassionate way, was actually not too far out-of-line from her obvious interest in helping others — whether people or animals; and

WHEREAS, Karen Lynne Duffie, as a result of the release of her first book, has been able to give voice to how her son's murder affected her life; both verbally and in writing. Her memoir has proven to be both informational and inspirational to others who find themselves in a similar situation and need help getting through it. She has traveled around the country to promote the book and to speak to groups, to both educate and comfort. Her words have touched many lives in a positive way; NOW, THEREFORE BE IT

RESOLVED, That the Detroit City Council congratulates Karen Lynn Duffie on the release of her first book, and how she was able to turn a tragedy into a triumph. The Detroit City Council is proud to acknowledge Karen, and wishes her continued success with the distribution and readership of "Life Interrupted — In the Aftermath of My Son's Murder".

Her days at Central High School resulted in some of her fondest memories and the development of some lifelong friendships. Marilynn became involved in the formation of the Central High School Alumni Association, and remains a member of its Board of Directors; and

WHEREAS, Marilynn attended Wayne State University and Michigan State University, all while starting a family and pursuing her lifelong dream of becoming a teacher. Upon graduation with a Bachelor of Science degree in Education, she was hired as a Substitute Teacher, and later got an "official" teaching assignment in Detroit Public Schools; and

WHEREAS, Marilynn Jackson was a teacher — and so much more. While at Beaubien Junior High, she served as the Staff Social Activities Committee Chairperson. Marilynn also orchestrated the writing of a grant application for Beaubien Junior High, which resulted in a \$150,000 award. She was able to obtain a Master of

Later in her career, she took on the roles of Science and Pre-Engineering (DAPCEP) and Pre-Medical teacher, 9th grade Restructuring Coordinator, Dean of Students, Curriculum Leader, and she was a Judge for numerous Science Fairs. Her goal was to be a positive role model for her students and children, and she has definitely succeeded. NOW, THEREFORE BE IT

RESOLVED, That the Office of Council Member Saunteel Jenkins and the entire Detroit City Council congratulates Marilynn Jackson upon the occasion of her retirement from Detroit Public Schools. We recognize that teaching, while continuing with her own education, and raising a family is no easy task, but it was worth it for all whose lives have been touched by Ms. Jackson. September 28, 2010

Honorable City Council:  
 Re: Petition Number 109 — Revised Report and Recommendation for Approval of the issuance of an Entertainment Permit by the Michigan Liquor Control Commission in Conjunction with the Transfer of Ownership of a “Class C License” to Donna M. Mass for a Group “C” Cabaret at 13837 Conant Street.

**BACKGROUND**

Section 916(10)(b) of the Michigan Liquor Control Code of 1998, being MCL 436.1916(10)(b), requires that, prior to the issuance of a Michigan Liquor Control Commission (“MLCC”) dance permit, entertainment permit, or a combination dance and entertainment permit, an establishment licensed by the MLCC for the sale of alcoholic beverages on the premises shall obtain the approval of the local legislative body of the municipality within which the premises is located.

Pursuant to this requirement, the MLCC has forwarded to this Body a Local Approval Notice, Request ID Number 531787, which has been designated by

the City Clerk as Petition Number 109. This Local Approval Notice requests City Council approval of a request by Donna M. Mass (“Permit Applicant”) for the issuance of a dance and entertainment permit in conjunction with the transfer of ownership of a “Class C license,” in escrow at 13837 Conant Street, from George Law for an establishment at the same location.

In a report to City Council, dated July 21, 2010, the Law Department recommended that the request for City Council approval of the issuance of a dance and entertainment permit be disapproved due to the fact that the designated MLCC Permit Coordinator’s report had indicated that the Permit Applicant had failed to meet four (4) of the approval criteria contained in Part VI of the Procedures and Criteria for Michigan Liquor Control Commission Permits (“Procedures and Criteria”). The Coordinator’s report, dated June 1, 2010, indicates that the Permit Applicant had failed to meet: 1) Approval Criterion No. 4, which requires that the subject premises be in compliance within the Detroit Zoning Ordinance, since Buildings and Safety Engineering Department (“B & SE”) records indicated that the current legal land use for the location is “Bar with a Class ‘C’ License” and such use does not include a cabaret with dance and entertainment; 2) Approval Criterion No. 8, which requires that a real estate tax clearance be obtained for the subject premises, since there was an outstanding City of Detroit property tax bill in the amount of two thousand six hundred twenty-six dollars and fifty-two cents (\$2,626.52) for the location; 3) Approval Criterion No. 9, which pertains to unpaid fees or uncured violations under the purview of B & SE, since a report from B & SE indicated that there were unpaid inspection and permit fees in the amount of one thousand three hundred and six dollars and twenty cents (\$1,306.20) for the location; and 4) Approval Criterion No. 11, which pertains to unpaid fees or uncured violations under the purview of the Detroit Fire Department, due to the fact that the Coordinator’s report had indicated that there were delinquent inspection fees for the location.

Subsequent to the submission of the Law Department’s report to this Body recommending that the MLCC permit request be disapproved and prior to the Planning and Economic Development Standing Committee considering this recommendation, the Permit Applicant submitted a copy of a Board of Zoning Appeals Decision and Order, Case Number 5-10, dated March 1, 2010, to the Law Department concerning the business location. This Decision and Order granted a locational variance, with certain conditions, to add a Group “C” Cabaret as a

legal land use for 13837 Conant. Section 5-7-1 of the 1984 Detroit City Code defines a Group "C" Cabaret as an establishment open the public which sells or serves alcoholic beverages with or without food, provides only one (1) or two entertainers at one (1) time, and does not allowing dancing. As such, the issuance of an entertainment permit for the location would be in compliance with the Detroit Zoning Ordinance. Accordingly, upon the Permit Applicant's request, the MLCC has submitted a revised Local Approval Notice for the approval of an entertainment permit, only, in conjunction with the transfer of the liquor license at 13837 Conant. Therefore, the revised permit request and subject location are in compliance with the Detroit Zoning Ordinance and the requirement of Approval Criterion No. 4 met.

Further, upon notification of the other afore-mentioned deficiencies in the approval criteria, the Permit Applicant has provided copies of receipts for the payment of the outstanding City of Detroit property taxes for the location, as required by Approval Criterion No. 8. Also, the Permit Applicant has paid the delinquent fees to B & SE and provided the Law Department a copy of a Certificate of Compliance issued on April 5, 2010 for the location and, therefore, met the requirements of Approval Criterion No. 9. Also, concerning Approval Criterion No. 9, copies of receipts for the payment of the Detroit Fire Department, Fire Marshal Division, inspection and review fees have been provided the Law Department.

**RECOMMENDATION**

Part VI of the Procedures and Criteria states that City Council shall grant the Permit Applicant's request for approval of the issuance of an MLCC permit unless one or more of the eleven (11) specified criteria are not met by the Permit Applicant. As a result of actions taken after the filing of the Coordinator's report, the Permit Applicant has met the approval criteria contained in Part VI of the Procedures and Criteria. Therefore, attached is a proposed resolution approving the issuance of an entertainment permit, only, by the MLCC to Donna M. Mass, for 13837 Conant Street. A copy of the revised Local Approval Notice, dated September 15, 2010, with a revised proposed MLCC form resolution, are attached to this report. The Law Department recommends that the Resolution be moved to the Committee of the Whole for its action.

If there are any questions or concerns, please do not hesitate to contact our office.

Whereas, The Coordinator's report indicates that the Permit Applicant had failed to meet four (4) of the approval criteria contained in Part VI of the Procedures and Criteria;

Whereas, Subsequent to the submission of the Law Department's report to this Body recommending that the MLCC permit request be disapproved because the Permit Applicant had failed to meet all of the approval criteria contained in Part VI of the Procedures and Criteria and prior to the Planning and Economic Development Standing Committee considering this recommendation, the following actions have been taken:

(1) A copy of a Board of Zoning Appeals Decision and Order, dated March 1, 2010, concerning the business location, which granted a locational variance and allows entertainment on the premises in compliance with the Detroit Zoning Ordinance by adding a Group "C" Cabaret, with certain conditions, as a legal land use for 13837 Conant was submitted to the Law Department; and

(2) Upon notification of the other deficiencies in the approval criteria, the Permit Applicant has provided copies of receipts for the payment of the outstanding City of Detroit property taxes for the location, as required by Approval Criterion No. 8 and has paid the delinquent fees to B & SE to meet the requirements of Approval Criterion No. 9, and, with regard to Approval Criterion No. 9, provided to the Law Department copies of receipts for the payment of the Detroit Fire Department, Fire Marshal Division, inspection and review fees.

Whereas, Upon the Permit Applicant's request, the MLCC has submitted a revised Local Approval Notice, dated September 15, 2010, and proposed form resolution for this Body's approval of an entertainment permit, only, in conjunction with the transfer of ownership of the liquor license at 13837 Conant from George Law to Donna M. Mass for a business at the same location;

Whereas, Part VI of the Procedures and Criteria states that City Council shall grant the Permit Applicant's request for approval of the issuance of an MLCC permit unless one or more of the eleven (11) specified criteria are not met by the Permit Applicant;

Whereas, As a result of actions taken after the filing of the Coordinator's report, the Permit Applicant has met the approval criteria contained in Part VI of the Procedures and Criteria; and

Whereas, The Law Department has submitted this proposed resolution and a copy of the revised Local Approval Notice, with a revised proposed MLCC form resolution, to the City Council for the approval of the issuance of an entertainment per-

mit, only, by the MLCC to the Permit Applicant for 13837 Conant Street;

Now Therefore It Is Resolved, Pursuant to Section 916(10)(b) of the Michigan Liquor Control Code of 1998, being MCL 436.1916(10)(b), and in accordance with the Procedures and Criteria adopted by this Body effective August 25, 2009, the Detroit City Council approves the issuance of an entertainment permit to Donna M. Mass for 13837 Conant Street; and

It Is Further Resolved, That a copy of this Resolution, and the City Clerk's certification of this approval of MLCC Request ID Number 531787, be forwarded to the Michigan Department of Labor and Economic Growth, Liquor Control Commission, 7150 Harris Drive, P.O. **Planning & Development Department**

September 20, 2010

Honorable City Council:

Re: Request For Public Hearing, Wholesale Distribution Center Rehabilitation Project No. 3 Parcel 500-A; bounded by Erskine, Dequindre, Scott & St. Aubin.

We are in receipt of an offer from Detroit Edison Public School Academy, a Michigan Non-Profit Corporation, to purchase the above-captioned property for the amount of \$163,000 and to develop such property. This property contains approximately 101,758 square feet or 2.33 acres and is zoned M-3 (General Industrial District). The estimated value of the property was set at \$203,500, less a reduction of \$40,500 to assist in the clean up of environmental contaminants.

Detroit Edison Public School Academy proposes to use this property to construct a charter high school complex to accompany their existing K-8 school located south and adjacent to this site. The new high school complex would consist of the construction of a classroom building, gymnasium, cafeteria/kitchen, multipurpose rooms, a paved surface parking lot for the storage of licensed operable vehicles and landscaping to enhance the overall site.

The City of Detroit Master Plan of Policies currently designate the future land use in the area as DP (Distribution/

Port Industrial). In addition, the proposed development does not conform to the Modified Development Plan for the Wholesale Distribution Center Rehabilitation Project No. 3 (Eastern Market), which designate Wholesale/Retail Food Distribution & Processing as the permitted land use for the subject site. The construction of the proposed high school complex by Detroit Edison Public School Academy, therefore, is subject to amendments to the Master Plan of Policies and the Modified Development Plan for the Wholesale Distribution Center Rehabilitation Project No. 3 to designate the area as INST (Institutional) and a change in the area zoning designation from M-3 (General Industrial District) to SD2 (Special Development District).

The Wholesale Distribution Citizen's District Council was informed of this proposal by Detroit Edison Public School Academy and issued a statement of support on August 18, 2010. The Planning and Development Department (P&DD) has evaluated the proposal and now wishes to move forward with the conveyance of the subject property.

The disposal of this land by negotiation is an appropriate method for making the land available for development.

We, therefore, request that your Honorable Body adopt the attached resolution authorizing the advertising of, and the holding of a public hearing concerning this offer on or before October 21, 2010.

Respectfully submitted,  
WARREN P. PALMER

Director

By Council Member Jenkins:

Resolved, That this offer by Detroit Edison Public School Academy, a Michigan Non-Profit Corporation, to purchase and develop Parcel 500-A in the Wholesale Distribution Center Rehabilitation Project No. 3 is in satisfactory form; and

That the disposal of this land by negotiation is an appropriate method for making the land available for redevelopment; and

That the developer possesses the qualifications and financial resources necessary to acquire and develop the property in accordance with the Development Plan; and

That the offered aggregate price of \$163,000 is equal to the fair market value of the land for use in connection with the Development Plan, and to hold a public hearing concerning this offer on the 14th day of October, 2010 at 10:45 A.M.

August 17, 2010

Honorable City Council:

Re: Acceptance of Grant Funding.

The State of Michigan Automobile Theft Prevention Authority (ATPA) has awarded the Arson Section of the Detroit Fire Department \$48,400.00, which is 50% of the total amount of \$96,800.00, for the Combating Vehicle Arson Fraud (Grant #4-11).

A 50% hard match in the amount of \$48,400.00 is budgeted in the Fire Department's 2010-11 Approved Budget and is allocated for this effort. The ATPA's budget shortfall forced the Board of Directors to make the difficult decision of maintaining the grantee matching requirement percentage of 50%.

If approved, these funds will be used for overtime payment for Fire Investigators to conduct automobile arson fraud investigations related to fire that occur within the City of Detroit.

I respectfully request your approval to accept the funding in accordance with the attached resolutions.

The church began with three members in the Detroit home of the late Reverend James H. Porter in 1955. By 1956, the church found its second home in a building at 5686 16th Street. Two years later Reverend Henry Talbert joined the church as Assistant Pastor, and

Honorable City Council:

Re: Proposed Ordinance to Amend Chapter 18 of the 1984 Detroit City Code, *Finance and Taxation*, Article V, *Purchases and Supplies*, By Repealing Division 6, *Detroit Living Wage Ordinance*.

On November 3, 1998, the People of the City of Detroit enacted, through initiative, the above-referenced ordinance, which was designated as Ordinance No. 45-98. On September 22, 2009, in *Rudolph et al v Guardian Protective Services Inc et al*, Unpublished Opinion of the Michigan Court of Appeals (Docket No. 279433), the Michigan Court of Appeals ruled that, under *Attorney General, ex rel Lennane v Detroit*, 225 Mich 631; 196 NW 391 (1923), Ordinance No. 45-98 is *ultra vires* and, therefore, invalid. At a closed session on June 18, 2010, I advised your Honorable Body regarding the Court's ruling in *Rudolph*.

Due to the fact that Ordinance No. 45-98 cannot be enforced, the above-referenced proposed ordinance is being submitted to your Honorable Body for consideration in accordance with the applicable provisions of the 1997 Detroit City Charter. The proposed ordinance has been approved as to form. This proposed ordinance amends Chapter 18 of the 1984 Detroit City Code, *Finance and Taxation*, Article V, *Purchases and Supplies*, by repealing Division 6, *Detroit Living Wage Ordinance*, which consists of Sections 18-5-81 through 18-5-86, to make the Code consistent with *Rudolph et al v Guardian Protective Services Inc et al*.

We are available to answer any questions that you may have concerning this proposed ordinance. Thank you for your consideration.

Respectfully submitted,  
KRISTAL A. CRITTENDON  
Corporation Counsel

In regards to their duties, Act 338 states that these additional Directors "shall serve in respect to that project and shall be representative of the neighborhood residents and business interests likely to be affected by the Project and who shall cease to serve when the Project for which they are appointed is either abandoned, or if undertaken is completed in accordance with the 'Project Plan'."

The appointees are qualified to fulfill the responsibility associated with these positions and were selected on the basis of their demonstrated interest and willingness to serve. Therefore, your approval of these appointments is hereby requested.

Sincerely,

**City of Detroit  
Historic Designation Advisory Board**

September 23, 2010

Honorable City Council:

Re: Petition #708, requesting designation of the Detroit Financial District bounded by Woodward Avenue to the east, W. Jefferson Avenue to the south, W. Lafayette Avenue to the north, and Washington Boulevard to the west, as an historic district and the appointment of *ad hoc* representatives in connection with this matter.

This request for historic designation appears on our list of pending requests. The proposed Detroit Financial Historic District will include several properties bounded by Woodward Avenue to the east, W. Jefferson Avenue to the south, W. Lafayette Avenue to the north, and Washington Boulevard to the west. Reasonable grounds for the study have been provided in that the area has been officially determined to be eligible for the National Register of Historic Places. A resolution directing the Historic Designation Advisory Board to conduct a study is attached.

Should your Honorable Body adopt that resolution, you must appoint two persons to serve as *ad hoc* members of the Advisory Board in connection with the matter.
